

# Nancy Johnson Wed To DeWitt Lewis Jr.

DeWitt D. Lewis, Jr., claimed Nancy Lou Johnson as his bride at an afternoon ceremony last Saturday in the First Methodist church. The Rev. Arnold F. Runkel read the rites.

The bride was gowned in charmingly lace and tulle accented at the neckline with iridescent sequins. Her bonnet-type headpiece of the same lace was adorned with sequins from which fell her veil of silk tulle. She carried white fuchsia blossoms. Her only piece of jewelry was a carved medallion belonging to her maternal great grandmother.

Mr. and Mrs. Robert J. Johnson, 2055 West 12 1/2 mile road are the parents of the bride. DeWitt is the son of Mr. and Mrs. D. S. Lewis, Sr. of Wayne.

LINDA Johnson was her sister's maid of honor. Bridesmaids were Sally Wright of Birmingham, Marcia Kelleher of Detroit, Barbara Lewis, sister of the groom. Little Janice Kromminger, cousin of the bride, was flower girl.

The bridal attendants were gowned in street length frocks of pink and white candy-striped glazed cotton with white organza shirres and white and pink headbands. They carried white mums and peppermint carnations. Allen Menold was best man. Seating the guests were Jack Morgan, David Charbonier of Grosse Pointe and Robert Lewis, brother of the groom.

THE bride's mother wore a powder blue dress and hat with gunmetal accessories and pink flowers. Mrs. Lewis wore yellow flowers with her brown dress.

After a garden reception at the home of the bride's parents, the couple left for a wedding trip to Northern Michigan. They are making their home in Detroit.

MRS. DEWITT D. LEWIS, JR.

## Parents Announce Daughter's Troth

Mr. and Mrs. Robert F. G. Copeland of Hupp Cross road announce the engagement of their daughter, Cynthia Resoner, to Jerrard O. VanTuyt. He is the son of Mr. and Mrs. T. O. VanTuyt of Detroit.

Miss Copeland graduated from Kingswood school and Bradford Junior college, and will attend the University of Detroit this fall. She is a member of Tau Beta.

Mr. VanTuyt attended Detroit Country Day school and is a student at Michigan State university. He has served two years in the Armed Forces.

## NO MATTER HOW YOU SPREAD IT

It still takes 2 lbs. of 10-6-4 GROSOD, XXX or TURF & HORT to nourish the lawn for the vigorous growing season ahead.

You can spread it better if you own the one and only LAWN BEAUTY SPREADER

No matter how you spread it you will need 1 lb. of grass on each 400 sq. ft. of good lawn or 1 lb. on each 200 sq. ft. of bare ground.

You can spread it better and more economically with a CYCLONE SEEDER

They cost \$4.30 and the cost will be recovered in one application.

Note—Detroit City Plan Commission and Dept. of Parks and Recreation state: KENTUCKY BLUE GRASS IS THE TOUGHEST GRASS FOR ROUGH WEAR IN SUNNY AREAS. (This calls for WOODRUFF'S TURF MAKER.)

No matter how you spread them, your dollars will produce more sheer beauty and enjoyment if invested in BULBS for planting from now until December.

TULIPS  
DAFFODILS  
LILIES  
PEONY ROOTS  
CROCUS  
SNOW DROPS  
ET CETERA, ET CETERA, ET CETERA! (From the King and I)

No matter how much you want good peaches and pretty lilacs you can't succeed unless you keep the borers and other nibblers under control.

BORTOX for the lilacs.  
PARA-SCALECIDE for the peaches, (more details at the shop.)

No matter how you want to spread it—do it right. Water once a week... 5 inches deep. PEAT MOSS over new seed... a very light covering.

CALCIUM CHLORIDE to lay the dust... 100 lbs. to 600 sq. ft. (If you have done it earlier, 110 lbs. will now cover 1800 sq. ft.)

- Round-a-bout notes—
1. Root-prune the wisteria if they failed to bloom this year.
  2. Plant MADONNA LILIES right now.
  3. Purchase COLCHICUMS for slugs, hospital patients and friends now... before they start blooming. A fantastic and magical bit of nature.
  4. Pick STRAW FLOWERS when buds are open, tie in loose bunches, head down, to dry for a few weeks.
  5. Move rock garden plants this month.
  6. Sow POPPY SEEDS and they'll bloom next Spring.
  7. Repot CALLA LILIES.
  8. Pick GOURDS for Winter decoration before the frost touches them. Cut with 2 inches of stem and dry indoors.
  9. Divide BLEEDING HEARTS. (This sounds like terrible advice.)
  10. Dig GLADIOLUS CORMS when leaves have turned yellow. Cure or ripen for a few days in the sun.
  11. GERANIUMS prefer to dry out a bit between waterings. They love fall sunshine.
  12. Now we feel we have spread this pretty thick so...
- Goodnight.
