Standard Liquid Lawn Fertilizer

A PERFECT FOOD FOR YOUR LAWN

A COMPLETE FERTILIZER — NO OTHER FERTILIZER NEEDED

When Standard Liquid Lawn Fertilizer is used according to recommendations, no other fertilizer is required. Standard Liquid Lawn Fertilizer is excellent to use on newly sodded lawns, where proper capillary action does not bring plant foods up to the roots of plants. The application of this liquid fertilizer may well mean the difference between getting newly sodded areas started and having to re-sod. An application may be made prior to, or immediately after seeding new lawns.

THE MORE MATURE MAN'S VERSION OF THE NATURAL SHOULDER MODEL

the natural Flaire

Many men, as they mature, tend to put on a little extra weight. And in consequence, they often have difficulty in finding the proper expression of current fashion. That is why we are so impressed with our new Flaire model.

Tailored by H. Freeman of Philadelphia — who make our Naturalaire® model — this new version of the natural-shoulder suit is particularly flattering to the more mature man. It tends to make him look slimmer, taller, and straighter . . . yet gives him all the natural comfort of a suit with minimum shoulder padding. Many men will find it the model they have long been seeking!
