Engineer Views Woodward-8 Mile Interchange Plan

To the Editor:

As a professional engineer and professor of the Drexel College of Engineering, I have been following the progress of the work on the interchange at Woodward and 8 Mile on the Detroit Boulevard System. I believe that the work is progressing satisfactorily, and that the interchange will be completed by the end of this year. The interchange is an important part of the city's traffic system and it is important that it be completed as soon as possible.
