"But we have a man coming this morning and—well you know—at \$2.75 an hour . . . so can't you . . . ?"

We try but we can't always make it—so keep this in mind . . .

A good many of our bulbs have arrived. Some varieties may have gone back to Holland due to the New York Dock Strike. We don't know yet. But, golly, what a variety we already have—about 60 varieties.

People who have plenty of dough and like something extra special should ask us about the DARWIN HYBRID TULIPS. Petals are from 3 1/2 to 4 1/2 inches long and the flower opens to 8 to 9 1/2 inches across.

Dover \$ 6.00 per doz.  
Oxford \$ 9.60 per doz.  
\*Rosevelt \$ 16.80 per doz.

\*No first name was given.

We have only 12 of him and 21 of the Oxford. Brilliant red.

A lovely customer told us on Wednesday that the man who is putting in her lawn said to her, "This is perfect soil . . . for a driveway."

Are you spending good money on race track profits to try and grow hair on a billiard ball? Let's talk it over. Good lawns are not the result of guessing on a dark horse or using the neighbor's advice. They are the result of a good appraisal of the existing conditions and an intelligent recommendation to hide the conditions with a lovely green greensward.

Plant now the SNOW DROPS, LILIES, SCILLAS, GRAPE HYACINTHS, DAFFODILS, NAKED LADIES AND PEONY ROOTS.

Use a DONS DANDY DIGGER for depositing in depressions in the dirt the daffodils and tulips.

Trim ornamental trees as soon as possible. There is an excellent PRUNING BOOK we noticed at a cute little shop over on the east side called . . . of all things . . . McClellan-Ball Co. We find them very honest . . . so far.

Don't fertilize trees and shrubs now. Nitrogen may start new growth which will freeze off this winter. Use BONE MEAL & PEAT MOSS in October.

What do you want from N. Y.?
