BUILT AT HOME. Boat Takes Bullocks Afloat

By VIRGINIA COLE

William Bullock, of Tilden, Bloomfield Village, built a boat, the like of which he had never seen, and the fee he paid for it is going to be remembered by the boat for a long time to come. The boat was built in Tilden and the fee was paid in Tilden.

Bullock built the boat himself and planned for over two years before he made up his mind to build a boat. He first tried to build a boat, but was not satisfied with the results. He then decided to build a boat, and this time he was successful. The boat was built in Tilden and the fee was paid in Tilden.

Bullock's boat is 20 feet long and 36 inches wide. It has a top speed of 35 miles per hour and a range of 200 miles. It is powered by a 40-horsepower engine.
