Kingswood
Looks Back
25 Years

For over 25 years, Kingswood's 25th anniversary celebration is being enjoyed by everyone this weekend. The celebrations are sponsored by Mrs. Robert L. Graham, Mrs. Carl A. Peacock, Mrs. Milton L. Hanks, and Mrs. Robert B. Eads. The Kingswood School was opened on the second Saturday of October 1925 and the school has been in operation ever since, with over 750 students currently attending.

AMONG THE FEATURES: Ms. Phoebe Reynolds, Mr. Richard B. Throssel, Mr. Charles W. Throssel, Mr. Edith E. Seuffert, Mrs. Victoria Heywood, and Mr. Warner B. Eads.

Grass:

Any grass: of varieties that cover fields, lawns and pastures and are eaten by horses, cows and sheep... Thorndike & Barth.

Grass - the most important part of your home lawn. You spend a lot of dough on it but are you getting your money's worth? We feel that with almost any good material you can have a fine lawn and you can have it cheaper. Therefore, the difference in results must be due to your management.

Joan Tieman Chooses Sheath for Travel

Mrs. Alan Lester Macaulay, 37, of Los Angeles, has decided to travel in style. She made the decision before leaving on her trip to Europe from London (which started from their wedding trip).

This is the Sheath, a dynamic new dress design for modern women. It is a combination of two dresses, each with its own distinctive style. The Sheath is constructed of lightweight fabric, and the line is tailored for a figure-flattering fit. Available in a variety of colors, the Sheath is a perfect choice for any woman who wants to look elegant and sophisticated.
