What Is a Rug Cleaning Plant?

A rug cleaning plant is a place where your rugs are given years of extra life and beauty.

Our modern plant scrubs every fibre of your rug with mountains of suds, then rinses with gallons and gallons of soft water. Every bit of dirt is removed. Sizing is then replaced on the back, when needed. (Sizing is the stiffening, like starch.) Your rugs are then conveyed to our drying room where we have added the miracle of Electronics to our drying facilities to give you fast service and softer, lovelier rugs.

Your rugs are treated like they were our own. We use only the methods recommended by The National Institute of Rug Cleaning.

All you have to do is call LI 3-3552 to find out how inexpensive it is to have beautiful rugs and carpets.

In looks, too, Ford's out front—with styling that only the Thunderbird could inspire

Ford goes First!

In Performance

At NASCAR's Speed and Safety Events at Daytona Beach, Ford won the Manufacturer's Trophy for best all-around performance. And Ford's 225-h.p. Thunderbird Special V-8, in one day, smashed 30 world speed records at Kingman, Arizona. No wonder the Ford V-8 is the world's largest-selling eight.

In Safety

When the editors of "Motor Trend" unanimously voted Ford's safety program "the top car advance" of 1952, they had in mind Ford's Lifeguard Design... a whole family of safety features, including a deep-center steering wheel and double-grip door latches, to help protect you from injury in case of accident.

In Economy

In this year's Mobilgas Economy Run, a Ford Customline V-8 with Fordomatic Drive won over all cars in its class. The sturdier, heavier Ford carried more weight with greater gas-line economy per pound than any competitive car... "sixes" as well as "eights"! In this tough test, Ford proved itself a regular gas miser.

The way a Ford performs, the way it saves, the way it protects you, go hand-in-hand with the way it looks and lasts. Ford's look was inspired by America's most exciting car, the Thunderbird. Its rugged K-bar frame and carefully-built body give it the endurance and reliability traditional with Ford. These are the facts behind Ford's reputation as the car that's worth more when you buy it... worth more when you sell it, too! Come in and let us show you!
