Get Acquainted PTA Tea Held at Norman Currin Home

Mrs. Norman Currin was hostess at her home on Captains Lane Monday night, to old and new members of the Parent Teachers Association board, to get acquainted with new members and to express thanks to the retiring board.

On the new executive committee are Mrs. Donald Krasner, president; Walter Byers, vice president; Richard Cackay, treasurer; and Mrs. Paul Robertson, secretary. Committee chairman are W. H. Worcester, membership; Lloyd McKinney, program; Mrs. R. Trautman, social; Mary Kopas, teacher representative; Mrs. Norman Currin, finance; Mrs. Milo Dean, hospitality.

George Altmanberger and George McCourt, council representing the PTA; Hsner Heidemann, health; Mrs. Robert Winkle, publicity; Calvin Thomas, legislation and board of education; Mrs. Edward Green, building planning; Mrs. George Sweet, museum; and Mrs. George Lowke, room mother.

Les Madge, president of the Franklin Community association, states there will be no telephone campaign this year promoting the ticket sale to the annual Spring Frolic which will take place at Birmingham county club on Friday night, May 11.

Early ticket sales indicate the affair will be an outstanding success. To give all members the opportunity of making reservations, return-postcards will be mailed them. Madge is accepting reservations by phone, also.

FRANKLIN LIBRARY

The contribution supporting Franklin community library is asked for in the area to contribute five dollars or more to maintain the library this year and to permit the acquisition of additional books, including reference books requested by school children.

Officers this year are Mrs. E. Lang, Jr., president; Lilburn King, Jr., vice president; W. K. M. Rodgers, secretary; and Mrs. N. G. Curtis, treasurer.

On the board of directors are Messieurs Kenneth Thompson, Winfield Hinson, D. J. Crawford, Eric Opitz, Jack Roberts and Homer Heidemann.

Mrs. Clifford Baugh will be hostess at her home at 245 Hawthorne, at a musical tea planned for 1:30 p.m. Friday, May 18. All ladies in the area are invited to attend and tickets are available now from Mrs. Haskell Wright, Hazel Highland, and Mrs. Baugh. Proceeds go to the Friendly Circle of the Franklin Community church.

Members of the Franklin Garden Club will be guests of Mrs. William King when they hold their May meeting at 8:00 p.m. next Thursday. Kenneth Bristol will discuss the dividing of phlox and the pruning of grape vines and raspberries. The King's live at 3270 Bingham lane.

The ladies of St. Anne's Guild will hold a potluck luncheon at

Orchard Valley-Hilltop Area Roads To Get Dust Treatment this Summer

Orchard Valley-Hilltop association had its quarterly meeting Thursday, April 19, in the Bloomfield township hall. A record attendance of 32 members contributed wide and varied discussions and many decisions of interest to the area were reached.

Roads in the immediate area are to be treated with calcium chloride throughout the summer to eliminate the dust problem. The road commission will be contacted and requested to clean out road culverts to correct the drainage problem.

A plan for continued maintenance of area roads is also to be requested from the road commission. A "Dead End" sign will be placed on Wing Lake and Chamberlain roads to eliminate unnecessary traffic and help avoid lives of young children. A "Slow" sign to serve the same purpose will be placed on Chisholm Trail.

It was suggested that a large excavation located in Hilltop, which seems to intrigue small children, be filled in to prevent serious accidents which might otherwise occur.

The organizing of a couples bowling league for next fall created considerable interest as did suggestions for a picnic during the summer and square dances throughout the year.

Residents were requested to notify the owner of any dog causing damage to property or is considered a neighborhood nuisance before taking drastic steps to dispose of the animal which in all probability is a family pet.

A social "get acquainted with your neighbor" hour and refreshments followed.

Nino Gemma, 7251 Holiday drive, left Saturday for Columbus and Mansfield, Ohio to demonstrate the

Will Petition for Evergreen Sewer

LATHRUP—Council passed a resolution Monday night that places in the hands of Oakland County Drain Commissioner Ralph A. Main, responsibility for laying out and designating the Evergreen Interceptor Sewer district in order to clear up pollution of the Evergreen and thereby, the Rouge river. This is in answer to a court decree issued in January, 1949, to decide what action they would take to clear up pollution they would take along with Bloomfield Hills, Bloomfield township and Birmingham have

HERE ARE THE FACTS ABOUT THE MILK STRIKE!

The ill-advised milk strike, in which organized labor endeavored to "take over" the dairy farmers of the Detroit milk shed, proved one thing: That labor union practices and the business of independent farmers don't mix.

It became evident from the start that the instigators were not striking the dairies for a higher price. They had, in fact, agreed with dairies they would take the prevailing market price for farmers' milk! Instead, they directed their attack against the dairy farmers' own organization, the Michigan Milk Producers Association, which they aimed to control or destroy. In this attempt, forces within organized labor sought to capitalize on the economic plight of the farmer and exploited a minority group of farmers to their own ends.

There should be no misunderstanding the fact that MMPA is a dairy farmers' cooperative, operated by the farmers, for the farmers, to cooperatively market their milk and protect their economic interests. It was the propaganda line of the strike leaders to mislead the farmers and the public in this respect.

The obviously false claim of strike leaders that they won a price increase was a part of this propaganda technique. Actually, nothing good for the dairy farmer resulted from the strike. Rather, only harm was accomplished, the seeds of dissension were sown, and the real issues and facts were wilfully misrepresented.

What Caused the Strike?

The strike stemmed from the ambition of a few within organized labor to control the Detroit milk market and to collect union dues from dairy farmers who ship milk to their market. To accomplish this, the strike organizers turned former against farmer in their drive to destroy his cooperative organization.

Who Were the Strike Leaders?

Major leadership and direction came from organized labor. Joined with these professionals were a former union organizer and a small group of dairy farmers who have consistently opposed the methods and policies of MMPA and sought this means of imposing their will on the MMPA membership.

What Were the Real Issues?

This was not a strike for a higher price for milk nor did it accomplish any economic advantage for farmers. The real issue was recognition of the so-called Fair Share group, organized labor's "front", for the purpose of dues collection and check-off. By this action, the strike directors sought to gain control of the assets and functions of MMPA.

Who Won the Price Increase?

The bargaining power of MMPA, carried out in an ultimatum voted at the March 28 delegates' meeting, was alone responsible for the price increase gained on April 1. The Class 1 price of \$5 would have been achieved sooner and without ultimatum if obstructive tactics of strike leaders and others had not blocked price negotiations carried on by the MMPA Detroit sales committee.

What Are the Economic Facts?

The increased price of \$5 per cwt. applies only to that portion of the milk used for bottling and fluid purposes. It is not a net price to the farmer, who must pay marketing and shipping costs. Only part of the milk can be sold at this price, the rest must be used for manufactured products at the prevailing market price.

Outside Milk a Problem

Another factor not to be overlooked is the deluge of milk which results in any market where a higher than average price prevails. Competition from outside the milk shed can cause havoc for regular producers, even to the extent of losing their market.

No one realizes more fully the serious problems of the dairy farmer than does the MMPA, whose affairs are directed by these self same farmers. The present farmer price squeeze is the nation's Number One problem. It cannot be solved by mob action nor by looking for help from agitators outside the ranks of agriculture. They have their own axe to grind.
