The Case of the Delayed-Action Stain

Once upon a time someone spilled a drink on the rug. And when the spilled liquid dried, the rug showed nary a trace of stain—it looked just as it had before.

Nevertheless, when—months later—the rug was brought home from its annual cleaning, a nasty brown stain was found to have mysteriously appeared on its face.

Chemists undertook a series of tests and found that, after being exposed to the air for some time, this invisible sugar stain undergoes a change and it sets permanently in rug fibers.

You'll own the biggest car in Plymouth's field. You'd have to pay hundreds of dollars more to match Plymouth's generous trunk space, over-all length, and interior roominess. (Plymouth is by far the biggest car in the lowest-price field, both inside and outside.)

You'll own the only low-price car with positive, mechanical Push-Button Driving. Greatest advance in a decade, and only Plymouth has it in its field! Touch a button... and you're off. Fool-proof! At left, safely out of children's reach.

You'll own the top performer of the low-price three. Plymouth is fastest from 0 to 30 and 0 to 60 m.p.h., as independent tests show! You get terrific take-off and passing power. Just try that new Hi-Fire V-8—with up to 200 horsepower!
