Beverly Hills Offers Complete Prescriptions

The recently opened Beverly Hills drug store located at the corner of Southfield and 14 Mile road is the third store in Birmingham for John S. Shukait, owner and manager.

His other two stores are the Wesley's Drugs, one at 1955 South Woodward and the other at 100 West 14 Mile road. The new Southfield store is part of a retail development which includes the Country Market and the Flag One Cleaners. These three businesses are housed in a long colonial style building in red brick and white trim. Ample parking facilities are provided in front of the building.

BEVERLY HILLS Drugs features a complete prescription service, nationally advertised drug and cosmetic section and a wide inventory of sundry items. Shukait plans to expand his gift department to offer a complete line of gifts and jewelry. Later this month he will hold a special gift display to introduce new merchandise.

Born in Jackson, Michigan, Shukait received his professional training at the school of pharmacy, Wayne University. He offers over 25 years of business experience to his customers.

That may be available to employees. "Home ownership—the foundation of so much of great value in our national and civic life—can also be the foundation of a secure future for the young couples of today who will be tomorrow's senior citizens," he concluded.

JOHN S. SHUKAIT stands behind the counter of the pharmacy section at his new drug store. A complete prescription service and a wide variety of merchandise are available from 9 a.m. until 10:30 p.m. Monday through Saturday.

Van Horn Talks on Home Ownership

Home ownership, now appreciated by the majority of Americans for its contribution to pleasant and beautiful daily living, was cited today as one of the bulwarks in family planning for future retirement by Charles J. Van Horn, President of the Birmingham real estate board.

"The truth of the matter is, the Birmingham real estate executive continued, "that there are five concrete steps which many American families can take on their own initiative to assure a financially secure old age. Home ownership is one of these."

VAN HORN listed the other four elements in a practical personal retirement plan as the maintenance of a savings or investment account, the creation of a life insurance program providing for a monthly retirement income as well as the protection of dependents, an understanding of federal social security which can provide only minimum benefits, and knowledge of the provisions of company pension plans

McClellan-Ball Move Into New B'ham Location

Moving into new and enlarged quarters at 859 S. Woodward, is the McClellan-Ball Co. of Birmingham, which plans to open their doors for business on Saturday.

The present company is a successor to one of Birmingham's oldest firms—McClellan and Sons whose history goes back to the days when farmers brought their grain to the McClellan Mill to be ground. At that time the old mill was at the site of the Quanton Dam.

The 10,000 sq. ft. building has been completely redecorated and new store furnishings and display facilities have been added to make it convenient for shoppers to select their merchandise.

THE FIRM will continue to specialize and stock a complete line of lawn and garden equipment, barbecue and picnic materials and water softener salts and pet supplies.

There will be approximately 1,500 separate items that a customer will be able to purchase in the new store.

Flower seeds of every description have been a popular part of the merchandise in the past and these have been increased to include over 140 varieties of tulip bulbs.

Tools and garden accessories are again available for the gardener.

"Qualified personnel will offer suggestions and advice for garden and other shopping problems," stated Jack Ball.

McClellan-Ball will continue to give delivery service from the new location.
