

# More Letters To Santa from Area Children

More boys than girls in the Birmingham area have been writing their Christmas orders to Santa so far this season. At least, this is what letters already mailed to the North Pole would indicate.

Knowing that this is Santa's last-minute rush, the Birmingham post office has sent these letters to The Eccentric for us to check and forward to Mrs. Santa. (Santa's secretary.)

Here is the final group received this week:

Dear Santa,  
For Christmas I would like to have a pair of SNIPPY SCISSORS as I can cut paper easier. I would like to have an airplane with a gas motor in it. I would like to have a set of tools to put together when I'm sick. I'm not asking for much this Christmas because I can't think of anything that I don't already have. I have all the toys I could think of upstairs in my toy chest. I have a VERY GOOD all year of 1966. I would like to bring me some of those. I have been doted. There is another letter behind mine that is my brother's. I have been mine that is my brother's. I have been watching on TV all most every day.

Sincerely yours,

Dear Santa,  
For Christmas I would like to have a play phone so I can talk in it. I would like to have a puzzle with dogs in it because I like NEW puzzles. I would like a record with the TONYLAND SPECIAL on it. I would like a pair of SNIPPY SCISSORS as I can cut paper easier. My brother told this for me because I had too little to type you. I have been VERY GOOD all year so I hope you will bring me some of the toys I've ordered. This is the first time I have written to you. I hope you get our letters on time. We will try to write you about this time every year. I'm putting on brother's name in the upper left hand corner so you will know where to come.

Sincerely yours,  
Cary Goodwill

GOOD-BYE, SANTA  
Dear Santa,  
I am 8 years old and I try to be good. I would like to have a ring, a compass, some Dinky Toys, some soldiers, and a space cadet helmet.
