Wing Lake - Foxcroft MEXICAN VACATION PROVIDES Extra Thrills, Excitement

Extra thrills and excitement were experienced by the J. P. Bergmossers of 1436 Kirkway drive during their recent vacation in Acapulco, Mexico, and at no extra charge.

They suddenly heard rumbling and felt the earth shake and tremble beneath their feet and realized they were in the midst of an earthquake.

Fortunately, aside from some falling plaster and a few cracks in the walls of the hotel Trados Americas where they were staying, and a fearful, sleepless night, no harm came to them.

On Jan. 2 they boarded a plane and flew to Acapulco where they spent a week, basking in the sun and swimming in the hotel pool. They then went to Mexico City, stopping en route at Taxco, Mexico, where they shopped for a day for silver. This town lies in the heart of the silver mines.

In Mexico City they spent three days before boarding the plane for home.

Another couple who landed in Acapulco in time for the earthquake were the Donald Tuohys of Inwood circle.

Mr. and Mrs. Tuohy and sons Leigh and Craig left Dec. 26 for Phoenix when they visited Mrs. Tuohy's brother and family, Mr. and Mrs. William Nelson.

Jan. 2, Tuohy returned to Chicago and brought the boys back with him. He then met Mrs. Tuohy in Dallas, Texas, from where they went to Mexico City. After staying there overnight, they went on to Acapulco where they vacationed for the next six days.

Most of the time they swam in the pool and sun-bathed but the real highlight of their stay was the day they went deep-sea fishing and Tuohy caught a 100-pound sailfish.

They took off for Mexico City as their first step on the homeward trek. At midnight that night, Mrs. Tuohy suffered an attack of appendicitis, necessitating immediate surgery. Fortunately the son of their hotel owner was an excellent young surgeon. At 10 p.m. the Tuohys returned home on Sunday.

area, with emphasis on one of pleasant fragrance to be placed near the house and ones of unpleasant odor (but loved by the birds) to be planted at a distance from the house.

Mrs. Mair centered her tea-table with a floral piece consisting of white mums, pink carnations and blue iris. Mrs. Ralph Darling poured.

Members of the Wing Lake WNFG were guests Jan. 16 of Mrs. Edgar Debandt, club president, at her home on Indianwood Trail.

The occasion was a tea for Mrs. George Koehn, a charter member of the club who moved Tuesday to Berea, Ohio where her husband is general manager of Cleveland Hobbing and Cleveland Foundry, a subsidiary.

The club presented Mrs. Koehn with a Hager pottery flower bowl in cinnamon brown.

The tea table was dressed with an ecru lace cloth, centered by a brown pottery bowl containing brown and rust carnation floral arrangements.

Small tea-cakes, made by Mrs. Debandt were frosted in peach and green and here in the center of each, a small brown horse-shoe studded with silver candles. The guests all proclaimed these clever toast to Mrs. Koehn's continuous happiness and good luck in her new home.

Mrs. Douglas Buss and Mrs. Cecil Koehn poured.

Karen Koehn, daughter of Mr. and Mrs. George Koehn will be the house-guest of Mr. and Mrs. John Zich until the end of the month. Karen, who wished to complete the semester and her exams in Bloomfield school, will then join her parents in their new home in Berea, Ohio.

Mr. and Mrs. Lawrence Hyde and six-year old daughter, Abigail, moved into their new home in Foxcroft at 6185 East Surrey Dec. 19. They formerly lived in Dearborn. Hyde is purchasing agent at Ford Livonia plant. Mrs. Hyde is a Radcliffe graduate and a member of the Detroit Radcliffe club.
