Fun
TO BUILD TO USE
AN OUTDOOR FIREPLACE
It's fun to build your own fireplace—choose your own materials, your own design! So put the whole family to work building a fireplace around this all-metal unit. And when it's finished, think of the fun of cooking steaks, chops, hamburgers! The unit is built to last for years. Doors are of cast iron. Gates are movable for either charcoal or wood. It's low cost! Stop in and see it.

The cubs had a good time just playing in the rain and eating hot dogs and didn't give a thought to the games that had to be postponed, or the awards that would have to wait until a later date. It was "their day" and they loved it!

The afternoon was dreary and rainy, but it didn't dampen the spirits of the cubs of pack B-34.
