Pete Trees Wins Letter at DePauw

Pete Trees of Birmingham has been awarded a major letter in tennis at DePauw University following his final season of competition.

He is the son of Mr. and Mrs. Robert Trees, 1712 Oak, and a graduate of Birmingham high school.

Trees was the number one man on this year's DePauw tennis team, which won the Indiana Collegiate Conference title for the third straight year and with teammate Walt Sampson won the league's first doubles crown. It was his fourth major letter.

Three Pairs Take Five Straight in S'ld Babe Ruth

When the opposition meets the Panthers in the Southfield Babe Ruth League, they usually have double trouble in associated pairs. The other squads in the five team league have had so much trouble with the power-packed Panthers that no one has been able to beat them.

Presently they lead the league with a healthy record of five wins as against no losses.

The pairs of trouble come from a combination of three brother sets who are on the roster of the Panthers club, Terry and Jerry Odum, pitcher and catcher respectively are the identifier, James Odum.

Other brother pairs are Ed Rupp and his younger brother Mike and then Tom Sweet and Doug Sweet are the third.

IN LEAGUE action the Panthers downed the Eagles by the score of 4-2 behind the one-hit pitching of Bob Hogg. Tom Ridley twirled for the losers, allowing only two hits but early wildness permitted runs to score.

In the Rams versus Colts contest, the Rams' hurler, Gillespie pitched shut-out ball to gain the win with a score of 4-0.

The second-place Bears downed the Eagles 4-2 with left handed York receiving credit for the win.

B'fld Hills HS Coach, Don Hoff Joins B'ham Rek

Don Hoff, athletic director for the Bloomfield Hills high school, has been hired by the Birmingham Recreation Board to coordinate boys' athletics on the playgrounds this summer according to Bob Girardin, recreational director.

Don will direct teenage boys' athletics on the basis of one day at each playground a week with the following schedule:

Monday	9-12	Pierre
Tuesday	9-12	Terry
Wednesday	9-12	Pembroke
Thursday	9-12	Adams
Friday	9-12	Quarton

This program will continue until the recreation program for the summer ends.

Girardin stated he would like to round out the program for the parks. There are two play leaders at each of the parks but the attendance has been so high this year that an additional part-time person was needed to develop the teenage program.

B'ham's Legion Team Wins Two

Birmingham's entry in the American Legion baseball league continues down the victory trail with two big wins last week.

In a game against Rochester, Fred Blakeley contributed in two ways for the 3-2 win. Blakeley relieved the starting pitcher, Bill Coons in the third and finished out the game.

While at bat he banged out a home run with two men on, to give the locals the lead they never lost.

In a twilight game against Clawson the Birmingham squad notched their second win in a row by the score of 6-4.

Clawson had a bad case of errors in the first inning as they were charged with a total of five miscues which allowed the locals to bring five runs across.

All Star Game In Southfield On 4th of July

Southfield baseball fans are in for a real treat on the afternoon of July 4th. The Little League and Babe Ruth League are cooperating in an All-Star doubleheader, featuring outstanding players represented from all teams participating this year.

This program will be held at Southfield high school, Lahser and 10 Mile roads, at the Babe Ruth field.

At 1 p.m., Little League American League

Clawson gained their runs when Dick Cloonan, Birmingham's pitcher, gave up a walk and three hits in a row, which allowed three runs across.

Nat. Recreation Designer Surveys Proposed Site

From the National Recreation Association in New York, G. Leslie Lynch, recreation designer, visited Birmingham Monday.

He conferred with a number of city officials including Robert Girardin, recreation director, Franklyn A. Whitney, Athletic Director, Charles Gale, Forestry and Parks and Herbert Herzberg, City Planner.

Lynch was invited to the city in order that he might look over the 60-acre disposal plant property and make recommendations concerning its development as a recreation site.

A general discussion was held with the officials about the property and other aspects of the recreation program.

Nat. Recreation Designer Surveys Proposed Site

Lynch suggested a detailed plan on the proposed development.

be made by his office incorporating all the features, facilities and landscape desired by the recreation board. Such a plan would involve an expenditure of \$500. Robert Girardin declared he would study the matter through a survey of the community before passing on his recommendation to the recreation board. A great deal of initial planning has already been completed by several members of our own city staff, Girardin added, and it is questionable that another plan would offer much more.
