

**St. Clair River
Proposed as SOC
Water Source**

A second Great Lakes water supply for the South Oakland Region is being proposed. Birmingham city commission learned this week. Shelby township and city of Utica propose to interest communities in obtaining water from the north channel of the St. Clair river.

The St. Clair river possibility was discussed last week at the Shelby township hall. Birmingham City Engineer L. E. Gave attended, said that the area engineers reported a need for more water to meet the rapid home and industry expansion. Another meeting was

scheduled for March 29 and all interested communities will be invited.

ROYAL OAK Mayor Howard Kelley for over a year has been enlisting support for bringing in a supply from Lake Huron. Shelby and Utica officials feel the area cannot wait for water until the Huron surveys are completed.

SOUTHFIELD HIGH SCHOOL'S pep club members give a rousing cheer for the team at a recent basketball game. The steadily growing group of team supporters numbers approximately 150 at each game, plans to hold a dance next year as a money-making project. Officers are Darlene Keranen, president; Carlene Dronkowski, vice president; Judy Luhrs, secretary; Barbara White, treasurer, and Janet Ivankovick, poster chairman. Two male board members will soon be appointed, according to President Keranen, who says they are needed to take care of flash cards and give the male viewpoint in matters.
