(Continued from Preceding Page)

receipt of workmen's compensation on account of his said total and permanent incapacity.

Primary Disability Benefits—Covered Member

Section 22. Upon his retirement on account of disability, as provided in section 20 hereof, a covered member shall receive a primary disability retirement allowance computed according to section 16 (a), (b), (d) and (e) hereof, notwithstanding that he may not have attained the voluntary retirement age. If the said retirant is in receipt of workmen's compensation on account of his City employment, then during the statutory period for payment of his workmen's compensation, the total of his said primary disability retirement allowance and his said weekly workmen's compensation converted to an annual basis shall not exceed 50 per cent of his final average compensation: Provided, that, in no case, shall his said retirement allowance payable to his voluntary retirement age be less than 25 per cent of his final average compensation. After attainment of his voluntary retirement age, his said primary disability retirement allowance shall not be less than the sum of 10 per cent of the first $4200 of his final average compensation and 15 per cent of the portion of his final average compensation in excess of $4200. His said primary disability retirement allowance shall be subject to section 25 hereof. Upon his retirement he shall have the right to elect an option provided in section 18 hereof with respect to his primary disability retirement allowance.

Primary Disability Benefits—Non Covered Member

Section 23. Upon his retirement on account of disability, as provided in section 20 hereof, a non-covered member shall receive a primary disability retirement allowance computed according to section 16.1 hereof, notwithstanding that he may not have attained the voluntary retirement age. His said primary disability retirement allowance shall not be less than 15 per cent of his final average compensation: Provided, that if the said retirant is in receipt of workmen's compensation on account of his City employment, then during the statutory period for payment of his workmen's compensation, the total of his said primary disability retirement allowance and his said weekly workmen's compensation converted to an annual basis shall not exceed 50 per cent of his final average compensation. His said primary disability retirement allowance shall be subject to section 25 hereof. Upon his retirement he shall have the right to elect an option provided for in section 18 hereof with respect to his primary disability retirement allowance.

Additional Duty Disability Benefit

Section 24. If the Board finds (1) that a retirant is in receipt of a primary disability retirement allowance provided for in section 22 or 23 hereof, as the case may be, on account of a personal injury or disease occurring as the natural and proximate result of causes arising out of and in the course of his employment with the City, and (2) the said retirant is also in receipt of workmen's compensation on account of his said disability, the conditions set forth in paragraphs (a) and (b) of this section shall be applicable to him.

(a) For the period from the date of his disability retirement to his attainment of his voluntary retirement age, if he retired prior to his voluntary retirement age, he shall receive a duty disability pension which when added to his primary disability retirement allowance will provide a disability retirement allowance equal to 50 per cent of his final average compensation: Provided, that during the statutory period for payment of his workmen's compensation, but in no case beyond his attainment of his voluntary retirement age, the sum of his primary disability retirement allowance, his weekly workmen's compensation converted to an annual basis, and his said duty disability pension shall not exceed 60 per cent of his final average compensation. His said duty disability pension, if any, (1) shall be subject to section 25 hereof, and (2) shall in no case be eligible to an option election provided for in section 18 hereof.

(b). Upon attaining his voluntary retirement age, the said retirant shall be given membership service credit for the period he was entitled to a duty disability pension, and at that time his primary disability retirement allowance shall be increased to include such additional service credit.

Subrogation Rights

Section 24.1. In the event any person becomes entitled to and elects to and does receive pension benefits as the result of an accident or injury caused by the act of a third party, the City shall be subrogated to the rights of the said person against such third party to the extent of benefits which the City pays or becomes liable to pay. Acceptance of pension benefits by any person shall be construed as an election hereunder and the City shall thereby be subrogated to the rights of said person against any third party.

Re-examination of Disability Retirants

Section 25. (a). At least once each year during the first 5 years following the retirement of a member with a disability retirement allowance, and at least once in each 3 year period thereafter, the Board may, and upon the retirant's application shall, require any disability retirant, who has not attained his voluntary retirement age, to undergo a medical examination to be made by or under the direction of the medical director. Should any disability retirant who has not attained his voluntary retirement age refuse to submit to such medical examination in any such period, the Board may suspend payment of his disability retirement allowance until his withdrawal of such refusal. If such refusal continues for 1 year all his rights in and to a disability pension shall be forfeited by him. If upon such medical examination of the said retirant, the medical director reports to the Board that the said retirant is physically able and capable of resuming employment with the City he shall be returned to active service in the employ of the City and his disability retirement allowance shall terminate: Provided, the report of the medical director is concurred in by the Board. In returning the said retirant to active service, as herein provided, reasonable latitude shall be allowed the City in placing him in a position commensurate with his type of work and rate of compensation at the time of his retirement.

(b). If a disability retirant, who has not attained his voluntary retirement age, is or becomes engaged in an occupation, business or employment, his disability pension shall not exceed the difference between his final compensation and his pay or earnings from such occupation, business or employment.

(c). A disability retirant who has been or shall be returned to active service in the employ of the City as provided in this section, shall also become a member of the retirement system and he shall contribute to the retirement system at the rate applicable to his membership classification. His credited service at the time of his retirement shall be restored to full force and effect. He shall be given membership service credit for the period he was receiving a disability retirement allowance, provided for in this chapter, if within said period he was in receipt of workmen's compensation on account of total and permanent disability arising out of and in the course of his City employment; otherwise, he shall not be given service credit for said period.

Duty Death Benefits

Section 26. In the event (1) a member dies as the result of a personal injury or disease arising solely and exclusively out of and in the course of his employment with the City, or (2) a disability retirant, while in receipt of workmen's compensation on account of his City employment dies prior to his voluntary retirement age as the result of the same injury or disease for which he was retired, and in either case (1) or (2) such death, injury or disease resulting in death, be found by the Board to have been the result of his actual performance of duty in the service of the City, the applicable benefits provided in paragraphs (a), (b), and (c) of this section shall be paid, subject to paragraphs (d) and (e) of this section, and subject to the condition that the beneficiaries eligible to pensions apply for and are in receipt of workmen's compensation on account of the death of the said member or retirant.

(a). In the case of the death of a member, the accumulated contributions standing to his credit in the annuity savings fund at the time of his death shall be paid in accordance with section 27 hereof.

(b). If the deceased individual was a covered member:

(1). His widow shall receive a pension equal to her weekly workmen's compensation converted to an annual basis. Said widow's pension shall terminate upon the expiration of the statutory period for payment of her workmen's compensation and shall continue until her remarriage or death.

(2). His unmarried child or children under age 18 years shall each receive a pension equal to such child's weekly workmen's compensation converted to an annual basis. Said child's pension shall begin upon termination of the statutory period for payment of said child's workmen's compensation and shall continue until his adoption, marriage, attainment of age 18 years, or death, whichever occurs first. If a widow's pension is terminated each such child's pension shall be increased by an equal share of said widow's pension.

(3). His parents shall each receive a pension equal to such parent's weekly workmen's compensation converted to an annual basis. Said parent's pension shall begin upon termination of the statutory period for payment of said parent's workmen's compensation and shall continue until remarriage or death.

(c). If the deceased individual was a non-covered member:

(1). His widow shall receive a pension equal to 1/3 of his final compensation: Provided, that during the statutory period for payment of her workmen's compensation her said pension shall be reduced by the amount of her weekly workmen's compensation converted to annual basis. Upon her remarriage or death her pension shall terminate.

(2). His unmarried child or children under age 18 years shall each receive a pension of an equal share of 1/4 of his final compensation. If there be no widow or if the widow's pension is terminated, each such child's pension shall be an equal share of 1/2 of said final compensation: Provided, that in no case shall any such child's pension exceed 1/4 of said final compensation. During the statutory period for payment of such child's workmen's compensation his pension shall be reduced by the amount of his weekly workmen's compensation converted to an annual basis. Upon any such child's adoption, marriage, attainment of age 18 years, or death, whichever occurs first, his pension shall terminate and there shall be a redistribution by the Board of the remaining eligible children of said deceased member or retirant, as the case may be.

(3). His parents shall each receive a pension equal to 1/6 of his final compensation: Provided, that during the statutory period for payment of said parents' workmen's compensation, his said pension shall be reduced by the amount of his workmen's compensation converted to an annual basis. Upon a parent's remarriage or death his pension shall terminate.

(d). As used in this section the term "widow" means the person to whom the said member or retirant, as the case may be, was married at the time his employment with the City last terminated, and it shall include a widower whom the Board finds to be totally and permanently disabled and to have been dependent upon the said member or retirant for at least 50 per cent of his support.

(e). In the event any person being the eligible beneficiary of a deceased member or retirant becomes entitled to and elects to and does receive pension benefits as the result of the death of such member or retirant in accordance with provisions of section 26, and where the death of such member or retirant occurs under circumstances giving rise to a cause of action against a third party, or under such circumstances as to result in a monetary recovery from such third party, whether by Court action or voluntary settlement, and whether by such beneficiary or the personal representative of such deceased member or retirant, the City shall be subrogated to the rights of said beneficiary, including the rights of the personal representative of such deceased member or retirant against said third party to the extent of benefits which the City pays or becomes liable to pay. Said right of subrogation shall extend to and shall include all rights of the person receiving pension benefits to any funds or sums which may be paid over or received by the personal representative of said deceased member or retirant from said third party. No assignment by the beneficiary of such deceased member or retirant shall be operative to destroy such right of subrogation. Acceptance of pension benefits under the provisions of said section 26 shall be construed as an election hereunder and such beneficiary shall thereby consent to such rights of subrogation.

Refund of Accumulated Contributions

Section 27. (a). Should any member cease to be an officer or employee of the City and not be entitled to receive a pension payable from funds provided by the City, he shall be paid all or part of his accumulated contributions standing to his credit in the annuity savings fund as he shall demand in writing on forms furnished by the Board.

(b). Upon the death of a member his accumulated contributions standing to his credit in the annuity savings fund at the time of his death shall be paid, except as otherwise provided in this chapter, to such person or persons as he shall have nominated by written designation duly executed and filed with the Board. If there be no such designated person or persons surviving the said member, his said accumulated contributions shall be paid to his estate.

(c). In the event any member dies intestate, without heirs, and without having nominated a beneficiary as provided in paragraph (b) of this section, his accumulated contributions standing to his credit in the annuity savings fund, at the time of his death, may be used to pay his burial expense, not to exceed a reasonable sum to be determined by the Board: Provided, that the said deceased member leave no other estate sufficient for such purpose.

(d). Payments of refunds of accumulated contributions, as provided in this section, may be made in a single sum or in monthly installments as the Board shall determine.

Annuity Savings Fund

Section 28. (a). The annuity savings fund is hereby created. It shall be the fund in which shall be accumulated at regular interest, the contributions deducted from the compensations of members to provide for their annuities, and from which shall be paid refunds of accumulated contributions, as provided in this chapter.

(b). To the social security date, the normal contributions of any member shall be 5 per cent of the compensations paid him by the City. From and after the social security date, the normal contributions of any non-covered member shall be 5 per cent of the compensations paid him by the City; and the normal contributions of any covered member shall be the sum of 3 per cent of the first $4200 of his annual compensation and 5 per cent of his annual compensation in excess of $4200.

(c). The officer or officers responsible for making up the payroll shall cause the contributions provided for in this section to be deducted from the compensations of each member on each and every payroll, for each and every payroll period, from the date of his entrance in the retirement system to the date of his retirement or prior separation from City service. The members' contributions provided for herein shall be made notwithstanding that the minimum compensation provided by law for any member shall be changed thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein, and payment of his compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by said person during the period covered by such payment, except as to benefits provided by this chapter. The officer or officers responsible for making up the payroll shall certify to the City Treasurer the amount of contributions to be deducted from the compensation of each member for each and every payroll and each of said amounts shall be deducted by the City Treasurer and when deducted shall be paid to the retirement system and shall be credited to the said member's individual account in the annuity savings fund.

(d). In addition to the contributions deducted from the compensations of a member, as hereinbefore provided, a member shall deposit in the annuity savings fund, by a single contribution or by an increased rate of contribution as approved by the Board, all amounts he may have previously withdrawn from, and not repaid to, the annuity savings fund, together with regular interest computed from the date of withdrawal to the date of repayment. In no case shall any member be given credit for service rendered prior to the date he withdrew his accumulated contributions until he repays to the annuity savings fund all amounts due the said fund by him.

(e). Upon retirement of any member his accumulated contributions shall be transferred from the annuity savings fund to the retirement reserve fund. At the expiration of a period of 3 years from the date an employee ceases to be a member any balance standing to his credit in the annuity savings fund, unclaimed by the said member or his legal representative, shall be transferred to the pension reserve fund.

Retirement Reserve Fund

Section 29. The retirement reserve fund is hereby created. It shall be the fund from which shall be paid all annuities and pensions payable as provided in this chapter. Should a disability retirant return to active service in the employ of the City, his annuity reserve at that time shall be transferred from the retirement reserve fund to the annuity savings fund and shall be credited to his individual account therein; and his pension reserve at that time shall be transferred from the retirement reserve fund to the pension reserve fund.

Pension Reserve Fund

Section 30. The pension reserve fund is hereby created. It shall be the fund in which shall be accumulated reserves for the payment of all pensions payable from funds provided by the City. Upon the basis of such mortality and other experience tables, and regular interest, as the Board shall from time to time adopt, the actuary shall annually compute the pension reserves (1) for pensions being paid retirants and beneficiaries, and (2) covering service rendered and to be rendered by members. The said pension reserves shall be financed by annual appropriations, to be made by the City Commission, determined according to paragraphs (a), (b) and (c) of this section.

(a). The appropriation for members' current service shall be a per cent of their annual compensations which will produce an amount which if paid annually by the City during their future service will be sufficient to provide the reserves, at the time of their retirements, for the portions of the pensions to be paid them based upon their future service; and

(b). The appropriation for members' accrued service shall be a per cent of their annual compensations which will produce an amount which if paid annually by the City over a period of years, to be determined by the Board, will amortize, at regular interest, the unfunded pension reserves for the accrued service portions of the pensions to which they may be entitled; and

(c). The appropriation for pensions being paid retirants and beneficiaries shall be a per cent of the annual compensations of members which will produce an amount which if paid annually by the City over a period of years, to be determined by the Board, will amortize, at regular interest, the unfunded pension reserves for pensions being paid retirants and beneficiaries.

(d). Within 30 days from and after the date this amendment takes effect the pension reserves for pensions being paid retirants and beneficiaries shall be transferred from the pension reserve fund to the retirement reserve fund and thereafter all pensions shall be paid from the retirement reserve fund. Upon the retirement of a member, or the death of a member, the pension becoming payable to a beneficiary on account of the death of a member, the reserve for such pension shall be transferred from the pension reserve fund to the retiremnt reserve fund. The Board may from time to time transfer from the pension reserve fund to the retirement reserve fund such additional amounts as it determines to be necessary for the proper maintenance of the retirement reserve fund.

(e). In the event the amounts appropriated in the budget in any year be insufficient to pay in full the amounts due in said year to all beneficiaries of the retirement system, the amount of such insufficiency shall thereupon be provided by the appropriating authorities of the City.

Expense Fund

Section 31. The expense fund shall be the fund to which shall be credited all money provided by the City to pay the administrative expense of the retirement system, and from which shall be paid all expenses necessary in the administration of the provisions of the retirement system. The Board shall annually certify to the appropriating authorities of the City, on or before the first day of April according to legal budget procedure, the amount of appropriation necessary to administer the retirement system during the next fiscal year, and the City shall appropriate such amount to the credit of the expense fund.

Management of Funds

Section 32. (a). The Board shall have full power to invest and reinvest the funds of the Retirement System subject to all terms, conditions, limitations, and restrictions imposed by the law of the State of Michigan, upon life insurance companies in the making and disposing of their investments, except that notes, bonds, or obligations of any county, city, village, or district in the State of Michigan shall not be subject to said restrictions or limitations. The Board shall have the power to purchase notes, bonds, or other obligations of the City of Birmingham at any legally conducted public or private sale. The Board may also invest, not to exceed 25 per cent of the funds of the Retirement System, in stocks rated not lower than BBB or equivalent rating by recognized rating agencies.

(b). The Board shall have full power to hold, purchase, sell, assign, transfer, and dispose of any of the securities and investments in which any of the funds of the Retirement System have been invested, as well as the proceeds of said investments and any moneys belonging to the retirement system.

(c). In the proper administration and management of the funds and investments of the retirement system, the Board shall have the following additional powers:

(1). To sell, either for cash or part cash and part deferred payments option, plat, subdivide, convey, exchange, lease (for any length of time), mortgage, pledge, partition, or otherwise dispose of all the assets in said funds or any part thereof, at such time and in such manner, either at public or private sale and upon such terms as in its absolute and uncontrolled discretion the said Board may deem expedient and proper and unaffected by any of the charter limitations applicable to other funds or City property.

(2). To borrow on the general credit of the fund or to pledge or mortgage the said fund or any part thereof as security for the repayment of such loan and to renew any indebtedness incurred by the said fund.

(3). To exercise any option or privilege to convert bonds, notes, stocks or other securities belonging to such funds into other bonds, notes, stocks or other securities; to exercise any privilege to subscribe for additional or other bonds, notes, stocks or other securities; to make such conversions and subscriptions, to make payments therefor, option, privilege or right to retain such bonds, notes, stocks and other securities so acquired as investments for said fund.

(4). To unite with other owners of property or securities similar to any plan for the consolidation or merger, dissolution or liquidation, foreclosure, sale or lease of the property, reorganization or reincorporation, reorganization or readjustment of, the capital or financial structure of any corporation, company, or association, the securities of which may form a part of said fund; to deposit any such securities in accordance with such plan; to pay assessments, expenses and sums of money which the Board may deem expedient, or which may be required for the protection or furtherance of the interests of said fund with reference to any such plan; and to receive and retain as investments of said fund, any new securities issued as a result of the execution of such plan.

(5). To enforce, abandon, adjust, arbitrate, compromise, sue on or defend, and otherwise deal with and settle claims in favor of or against the said fund as the Board may deem best, and its decision shall be final and binding upon all parties in interest.

(d). No loans, secured or unsecured, shall be made to a member nor to any elected or appointed official of the City. There shall be kept on deposit available cash not exceeding 10 per centum of the total assets of the retirement system. All funds of the retirement system shall be held for the sole purpose of meeting disbursements for pensions, annuities, and other payments authorized by this chapter and shall be used for no other purpose. The description of the various funds of the retirement system in sections 28, 29, and 30 shall be interpreted to refer to the accounting records of the Retirement System, and not to the segregation of moneys in the funds of the retirement system.

Allowance of Regular Interest

Section 33. All interest and other earnings on moneys and investments of the retirement system shall be credited to the pension reserve fund. The Board shall, at the end of each fiscal year, allow regular interest on the members' individual balances in the annuity savings fund at the beginning of the fiscal year; and on the mean assets credited to the retirement reserve fund. The amounts of interest so credited to the annuity savings fund and the retirement reserve fund shall be charged to the pension reserve fund.

Assignments Prohibited

Section 34. The right of a person to an annuity, a pension, a retirement allowance to the return of accumulated contributions, the annuity, the pension, or the retirement allowance itself, any optional benefit, any other right accrued or accruing to any member, retirant, or beneficiary under the provisions of this chapter, and the moneys belonging to the retirement system shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency law, or any other process of law whatsoever, and shall be unassignable, except as is specifically provided in this chapter: Provided, that the City shall have the rights of setoff for any claim arising from embezzlement or fraud of a member.

Errors

Section 35. Should any change in the records result in any member, retirant, or beneficiary receiving from the retirement system more or less than he would have been entitled to receive had the records been correct, the Board shall correct such error, and as far as practicable shall adjust the payment in such manner that the actuarial equivalent of the benefit to which the said member, retirant or beneficiary was correctly entitled shall be paid.

Other Provision of Charter or Ordinance

Section 36. (a). No other provision of law, charter, or ordinance which provides wholly or partly for the expense of the City for pensions or retirement benefits, exclusive of Federal Social Security and Old Age Survivors Insurance benefits, for employees of the City shall apply to members or beneficiaries of the retirement system.

(b). All provisions of law inconsistent with the provisions of this chapter are hereby repealed to the extent of such inconsistency, provided that retirement allowances and pensions being paid retirants and beneficiaries as of the effective date of this amendment shall be continued in accord with provisions of this chapter heretofore in force.

Retroactive Social Security Taxes

Section 37. (a). Members' employee social security taxes retroactive from the social security date to January 1, 1955, to the extent required, shall be paid from the retirement system's pension reserve fund unless such payment is otherwise provided for.

(b). The employer's social security taxes retroactive from the social security date to January 1, 1955, to the extent required, shall be paid from the retirement system's pension reserve fund.

Validity

Section 38. If any provision, section, paragraph, sentence, clause, or phrase of this chapter is for any reason found to be invalid or inoperative or shall be held by any court to be unconstitutional, the remainder of the provisions of this chapter shall nevertheless continue in full force and effect.

TAKE FURTHER NOTICE that by order of the City Commission by resolution No. 1115 adopted August 8, 1955, there will be submitted to vote of the qualified electors of the City of Birmingham at the regular municipal election to be held on April 2, 1956, the following proposition:

SHALL THE COMMISSION OF THE CITY OF BIRMINGHAM BE AUTHORIZED TO SELL PROPERTY OWNED BY SAID CITY, BEING LOTS 56, 57 AND 58 OF ADAMS PARK SUBDIVISION?

Shall such sale be approved? Yes____ No____

Shall such sale be approved? Yes____ No____

TAKE FURTHER NOTICE that by order of the City Commission by resolution No. 286 adopted February 27, 1956, there will be submitted to vote of the qualified electors of the City of Birmingham at the regular municipal election to be held on April 2, 1956, the following proposition:

SHALL THE CITY COMMISSION BE EMPOWERED TO EFFECT AN EXCHANGE OF PROPERTIES, WHEREBY THE CITY WILL TRANSFER THE SOUTHERLY PORTION OF OUTLOT A OF QUARTON LAKE ESTATES REPLAT OF THE EAST PART OF QUARTON LAKE ESTATES SUBDIVISION IMMEDIATELY NORTH OF LOT 175 ON SAID PLAT, AND TO EXECUTE THE NECESSARY DEED IN CONNECTION THEREWITH?

Shall such transfer be made? Yes____

Shall such transfer be made? No____
