Florida Favorite Vacation Spot for Area Residents

Area residents are leaving on their vacations, and Florida is by far the most favored spot. Mr. and Mrs. Frank O'Toole of Stoneleigh left Feb. 25 and headed down to Ft. Lauderdale, Fla., for a couple of weeks of sun and relaxation.

Mr. and Mrs. Fred Zehnder have joined the exodus to the south. They left last Friday for Florida and will be gone until April 1. The Zehnders live on Hills drive.

The Richard Raymanns and young Ricky returned home last week from their Florida trip. They spent some time at Silver Springs where Ricky got a chance to see the ocean from a glass-bottomed boat, and he was big-eyed and thrilled when he sat in the glass-domed dining room of the Orlando airport and watched the planes come in. "They looked as if they were coming right at you," Ricky said.

The Raymanns were at Hallendale beach, a new resort not far from Hollywood, and over to see friends at Bal Harbor which is not too far from the Kenilworth. The Raymanns saw their friends, Kathy and Dick Huvarre, while on their trip. The Raymanns live on Laker road.

Army Pfc Henry A. Reye recently took part in the field training exercises in Germany. Reye, who lives with his mother, Mrs. Henry A. Reye of Golfview drive, entered the army in November 1954 and was stationed at Ft. Leonard Wood, Mo., for his basic training. He is doing court reporting with the

Court and Appeals division. Reye, now in Company D, 12th Infantry Regiment, is a graduate of Wayne University.

The Howard Kehrls of south Milveray were over to Livonia last week for bridge and a look at the new home of Mr. and Mrs. Hal Erickson.

STORK EXPRESS
The little white and blue card read: "Just to announce that the Stork Express made a stop at our address." The address is 6751 Snowshoe circle, the home of the Albert Lattas. Howard Wayne was born Feb. 20, 1956 at Bon Secours hospital in Grosse Pointe. Tiny Howard has two brothers—Tom, 15, and Harry, 12.

Judith and Henry Belprez held a small card party for their club group in their home on Saturday night. Baldwin and Marie Sinaeve of Maple road were also there.

The Ralph Reillys entertained friends in their Maple road home on Feb. 26. This group, who get together for everything from bridge to toboggan parties, have been doing this ever since they

were teenagers. Visitors in Lone Pine Village over the weekend were Brig. Gen and Mrs. Lou Van Wagoner who were visiting the Russell Frinks on Ranch lane. Van Wagoner has been stationed in Korea and Japan. When no baby sitter was available Dolg and Ben Hardesty just held the square dance in their activities room. Bob and Pat Wilson of Snowshoe circle were there, so were Charles and Marie Bay of Quanton road and the Howard Schwepes of Cottontail lane.

IN CITY TRAFFIC where tensions usually mount, Chrysler's cab-like flexibility brings a wonderful sense of calm. And those admiring glances confirm your judgment that this is America's biggest fine car buy.

THEY'LL THINK YOU PAID \$1,000 MORE

when you drive the year-ahead car!

CHRYSLER SETS NEW SPEED MARK!

Wins Daytona "Flying Mile" at 139.373 m. p. h.

A Chrysler 300-B swept the 1956 NASCAR Speed Trial Championships at Daytona Beach with a sand-scorching "Flying Mile" average speed of 139.373 m.p.h. Shocked competition watched as Chrysler barreled down the beach —, setting last year's track record (also set by Chrysler) by 12 m.p.h.

Head the new Chrysler Windsor V-8 in any direction and start making comparisons. The only cars you can compare it with are the other luxury cars . . . because that's what the Chrysler Windsor is. But you can own this car for the cost of a medium-priced car! And at this price, the only year-ahead car simply defies comparison.

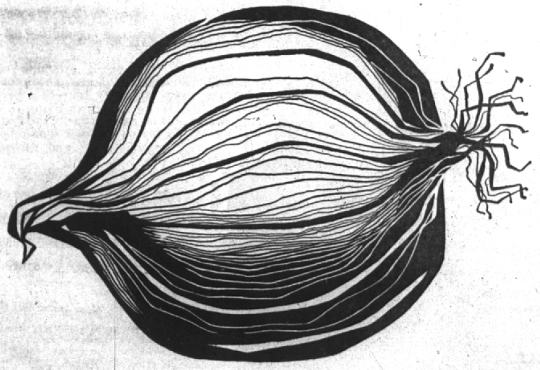

Take the way it handles in city traffic. Something quite strange and wonderful happens. Instead of feeling tense, you're utterly relaxed—thanks to Chrysler's Full-time Power Steering and a host of brand new Chrysler exclusives. You're guiding a big, power-

ful car that responds like a mind reader. Your Chrysler handles every traffic situation with liquid deftness, beautifully balanced between the forward thrust of its mighty airplane-type engine and the most powerful brakes in the industry. This car flows!

Yet, if you can afford any car in the medium-priced field, you can afford to step up to a Chrysler Windsor V-8. Come in and drive this car. Compare its year-ahead new car features with the other leading cars in its price class. We think you'll agree that it looks and acts like a car that costs \$1,000 more than it does!
