ORDINANCE NO. 487
SWIMMING POOL ORDINANCE
AN ORDINANCE TO PROVIDE FOR THE REGULATION AND CONTROL OF THE INSTALLATION, OPERATION AND MAINTENANCE OF SWIMMING POOLS IN THE CITY OF BIRMINGHAM, AND TO PROVIDE FOR PENALTIES FOR VIOLATIONS HEREOF.
THE CITY OF BIRMINGHAM ORDAINS:

Section 1. Definitions. The several words and phrases used in this Ordinance shall have the respective meanings to each hereinafter ascribed:

(a) The Term "swimming pool" shall mean any structure or container, either above or below grade, located either in part or wholly outside a permanent enclosed and roofed building, designed to hold water to a depth of greater than 12 inches when filled to capacity, intended for immersion of the human body, whether for swimming or wading or both.

(b) The term "person" shall include all individuals, groups or individuals, co-partnerships, associations, firms or corporations. The singular shall include the plural, and the masculine the feminine.

Section 2 Permit. A swimming pool is hereby declared to be a structure within the meaning of Ordinance No. 416 as amended of the City of Birmingham, and it shall hereafter be unlawful for any person to construct or maintain a swimming pool in the City of Birmingham without first having secured a permit therefor from the Building Official of the City of Birmingham.

Section 3 Application. Application for such permit shall be made to the Building Official on forms to be provided by him, which shall show the name of the owner of property on which such swimming pool is to be constructed, the location of the property, the name of the person constructing the same, and information concerning the size, depth and capacity of such swimming pool. There shall also be filed with the Building Official a plot plan of the property showing the location of such pool thereon, and a detailed plan for such pool, which shall contain full information as to the type, height and location of the fence surrounding such pool, and the number of gates therein.

Section 4. Permit. Upon filing of such application and plans, showing compliance with this and other applicable ordinances of the City of Birmingham, and upon payment of the permit fees required under said Ordinance No. 416 as amended, the Building Official shall issue a permit for such construction. Construction of any such swimming pool shall be completed within six (6) months after issuance of such permit, and if not so completed, such permit shall be cancelled, and notice of such cancellation given the owner of the property and the person to whom the permit is issued, either by personal service or by registered mail.

Section 5. Construction Requirements. All swimming pools erected hereunder shall comply with current standards of the Michigan Department of Public Halth and the Oakland County Health Department with relation to the construction and use of private swimming pools, and applicable ordinances of the City of Birmingham, and such pools shall at all times be kept and maintained in compliance with such standards, and any failure so to do shall constitute a violation of this Ordinance. There shall be no connection between any swimming pool and any public sanitary or storm sewer, or combination thereof. Water connections to such pool shall be made to the public water supply system of the City of Birmingham, and all such water shall be metered.

Section 6. Safety Requirements. For the protection of the general public, all swimming pools shall be completely enclosed by a wall or fence of not less than four (4) feet in height. Any wall shall be of wood, brick or masonry, and any fence shall be of the so-called chain link type, or the equivalent. All openings in any such wall or fence shall be equipped with gates which can be securely locked. All such swimming pools shall comply with side yard requirements for residence buildings, and no such pool or part thereof shall be installed within 50 feet of any street right of way line, except in the case of side streets, in which case such pool may be within 25 feet of such side street.

Section 7. Exceptions. Provisions of this ordinance shall not be applicable to swimming pools installed and maintained by any governmental unit or authority.

Section 8. Severability. The several provisions of this Ordinance are declared to be severable, and the holding as invalid of any section or provision hereof shall not impair or invalidate the remaining sections or provisions hereof.

Section 9. Penalties. Any person who shall violate any provision of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof before any court of competent jurisdiction shall be punished by a fine of not to exceed $100, or by imprisonment in the City or County jail for a term of not to exceed 90 days, or by both such fine and imprisonment in the discretion of the court. Each day on which any such violation may continue shall constitute a separate offense. Any such pool, installed, operated or maintained in violation of provisions of this ordinance shall constitute a nuisance, and the City may, in addition to the penalties hereinbefore set forth, maintain any proper action for the abatement of such nuisance.

Section 10. Effective date. This ordinance shall be effective upon publication of the following passage hereof.

Made and passed by the Commission of the City of Birmingham, Michigan, this 21st day of May, A.D. 1956.
