The Lady Says "Yes . . . He Wears Lebow Clothes."

Lebow SLACKS
GET AROUND
handsomely

With the growing importance of casual apparel, slacks have become a basic part of the well-dressed man's wardrobe. Worn almost everywhere, except for more formal occasions, slacks merit the tailoring attention and fabric selection Lebow gives them.

Tailored to fit without tricks, Lebow slacks are cut along narrower, slender lines. Wide loops offer full belt support; restrained pleats help create an illusion of height, add comfortable roominess without excessive fullness. Once you select the correct waist size, Lebow slacks shouldn't be altered in the waist—they're perfectly proportioned so they won't slip down on the hips. They're made to stay up!

Available in Doeskin (lightweight) Flannel—
—or Forstmann's Marveleen, \$25 to \$35.00

If you're saving for your family's future . . .

Where you save does make a difference

Saving now makes a difference to your family's future. There's a difference where you save, too. Saving in an insured Savings and Loan Association means important advantages.

Excellent returns from your money is one advantage. Another is efficient service from men who know how to make your dollars work harder for you. And, of course, your money is safe because in insured

Associations your savings are protected by sound management and substantial reserves. They are insured up to \$10,000 by the FSLIC — an agency of the U. S. Government.

These are the reasons why Americans are putting more of their savings account dollars into insured Savings and Loan Associations than anywhere else!
