Yes, this newest development in interior paint is actually *jelled*—applied so thick it clings to the brush or roller... and yet it flows out like *orange* when it's applied to walls, ceilings and woodwork in the usual way. Gone is the runniness, the messiness and untidiness that you always associated with painting. With Jelled Magic you can enjoy *care-free* painting!

Now We've Got It!... and YOU'RE INVITED

to come in for a demonstration and see the gorgeous new colors available in this amazing new paint
