

Birmingham Federal Savings Has A New Home!

We, the contractors, are proud of having had a part in providing this area with such a handsome addition to the business community. We believe that you will enjoy the pleasant surroundings in which we have combined the best of modern architecture with the beauty and tradition of Colonial Williamsburg.

An attractive customer lounge will greet you as you enter the front door. You will notice the lovely draperies that makes you feel as if you were in a gracious home. Soft shades of green and gray accent the white of the walls and columns. Great brass chandeliers give the lobby a regal appearance which is carried out in all other appointments.

Here you will find spaciousness to transact your business. There are seven teller's windows and three conference rooms where your privacy is guaranteed. Your comfort is also assured by year around air conditioning.

We are sure you will be pleased with our work. Do come in and see what we have accomplished.
