BIRMINGHAM YMCA

Further details on these items may be obtained by contacting the 'Y'.

Tuesday at 7:30 p.m. the Young Adult Co-Ed club will leave the 'Y' for a visit with John Coppin, the famous Midwest artist, in his studio.

* * *

Roger Reynolds is organizing the men's basketball team for the Birmingham YMCA. They will play in the Metropolitan Detroit Basketball league, Thursday nights, starting Nov. 29. Most games are at 9 p.m. in Detroit. Young men interested should contact Reynolds.

* * *

An eight-team basketball church league has been formed, and will begin play at Barnum junior high school Monday from 7 to 10 p.m. Teams are from First Presbyterian church (2 teams), Redeemer Lutheran, Embury Methodist, First Methodist, First Baptist, St. James Episcopal and Birmingham Congregational church.

Getting Closer To Construction Of N. Evergreen

Easement agreements are being obtained to permit construction of the first $53,000 portion of the North Evergreen interceptor sewer.

To extend from the Birmingham city limits northeastward along the River Rouge, this short portion has been given a state health department construction permit. It will serve a developing Troy area north and east of Big Beaver and Adams roads.

Before revenue bonds can be sold to finance the entire several-million-dollar project, Bloomfield township's financing ability is going to be double checked by the bonding attorney.

* * *

ABILITY of townships to finance such large improvements are considerably more restricted than are incorporated areas, it is pointed out.

Bloomfield Hills and Birmingham also are participating in the N. Evergreen.

Annexation Action Started by Company

Pending annexation of the B/W Controller Co. to Birmingham, the city will provide temporary sewer service to the property.

Troy cannot provide sewer or water to this firm which is just outside Birmingham limits on E. Maple.

The Southeast Oakland county water authority this week turned down Birmingham's plan to provide water to B/W. Upon annexation, water would be provided.

Troy this week also tentatively agreed to purchase water from Birmingham's well on E. Maple. The city is negotiating a contract for an annual minimum supply to Troy of 8 million cubic feet of water at 75 cents per 1,000 cubic feet.

Troy also would buy a water main east of Coolidge, from which it would serve several industrial and residential properties.
