## Woman Assaulted In Parking Lot

Police labelled an assault Thursday on a Berkeley woman in the Birmingham municipal parking lot as "probably sexual."

The woman told police the assault occurred about 6 p.m. as she walked alongside her car parked in an inside aisle. Her assailant, she said, grabbed her from behind and placed his hand over her mouth, repeating "Don't say a word."

The woman screamed and kicked until the man released her and ran down Brown street toward Woodward. He made no attempt to take her purse. The man was described as a white male, in his early twenties, 5'10", to 6 feet tall, and slender. Though it was pouring rain, the man's clothing was dry, the woman said.

Mrs. Anna B. Zeisler. Funeral services were Monday from Bell chapel, W. R. Hamilton Co. with burial in White Chapel cemetery.

## You Pay Less

TRUCKS ARE VITAL to every industry in Michigan, and no service or commodity which affects your day-to-day living could reach you without trucks.

That is the basic way in which trucks serve you. But they benefit you in other important ways, too.

For example—latest available figures show that Michigan's trucks pay over \$50,000,000 annually in State registration fees and gasoline taxes alone, plus several millions more in mileage taxes and special taxes levied on the larger vehicles. In addition, of course, trucks pay all the other taxes charged against any business enterprise in Michigan—real estate property taxes, personal property taxes, business activities taxes, sales taxes, intangibles taxes, franchise taxes.

All these millions in taxes the trucks pay go to support the general welfare, to help pay for modern roads, hospitals, schools and colleges, parks and playgrounds, police and fire protection.

So, you see, thanks to the trucks, you pay less.

## BITS OF BIRMINGHAM

THE SOUND EFFECTS at St. Dunstan's guild are almost too realistic. At least members of the cast of the coming invitational, "Brief Encounter," think so. When they hear the realistic train recording which sound effects director Barbara Hamel has secured, actors on the stage say they tremble with fear that they will be run over by the train.

JACK KERSCHENBAUM, treasurer of Kay Baum's women's clothing store here, this week became Birmingham Rotary club's 83rd member. He and his new friends heard Dr. Clarence W. Muehlberger, director of the crime detection laboratory at state police headquarters in East Lansing, tell about the several kinds of lesser known "fingerprints" which help solve crimes—plant, chemical and metallic. Muehlberger also commended Birmingham for its behavior: "Your city is one of the best behaved in the state. If all cities were like yours, my department would be out of business in a hurry."

SECRETARY OF STATE John Foster Dulles and his wife arrived Sunday for a two-week stay at Key West, Fla., home of Mr. and Mrs. Robert C. Marks, 1075 Suffield, Birmingham. Secretary Dulles is recuperating from an operation he underwent several weeks ago.
