

ALAN G. LOOFBOURROW, Country Club, Bloomfield Hills, Chrysler corporation executive engineer in charge of the chassis, electrical and truck sections of the central engineering division, points to the front wheel suspension on a scale model of the torsion-axle suspension system featured on the company's 1957 line of automobiles. With him is David F. Toot, chief engineer on chassis design.

### Police Schedule Bike Inspection At Holy Name

Next bicycle safety inspection and Scotchlighting will be held at 9 a.m. Saturday at Holy Name school.

Birmingham police, sponsors of the safety inspections with the co-operation of local Kiwanians, said 250 cyclists attended last Saturday's inspection at Pembroke school.

Det. Sgt. Robert Schaule said 80 bike licenses were issued at Pembroke, and 30 additional youngsters applied for licenses which will be issued later, as the police supply of the metal tags was exhausted.

Schaule said new licenses should be available by Saturday.

"A license tag is the first thing the kids ask for when they get to the inspection," Schaule said. A city ordinance requires licensing of all bikes, for the protection of their owners.

### Dr. George Allen Honored for Work

Dr. George W. Allen, of 436 Park, Birmingham, has been awarded the Stenberg award in preventive medicine. Dr. Allen, a 1956 graduate of the University of Michigan Medical school, was chosen as the outstanding student in this field.

His selection was based on his performance in venereal disease work, investigations as an expert in the Michigan department of health, and for follow-up of cardiac patients discovered in a mass X-ray survey made in Wayne county.

Dr. Allen is currently serving his internship with the U.S. Army at Fitzsimons army hospital in Denver, Colo. He is the son of Mr. and Mrs. Newell Allen, of 436 Park.

### To Sell Cider

Permission to sell gallons of cider door to door in Birmingham on Saturday, Oct. 20, was granted Monday night by city commissioners to the Presbyterian Young Married Adults group.
