

In these modern days of the fast and easy way of life, the habit of thrift has disappeared from many family budgets. To spend a dollar more than you make is to invite financial disaster, and along with it, many colorful troubles. But to spend a dollar less is to play it safe.

MRS. WILLIAM T. GOSSETT of Bloomfield Hills, exchanging reminiscences in New York with our Ambassador to the United Nations, Henry Cabot Lodge, Jr., concerning the old days when his grandfather, Ambassador Lodge was speaker at the Seven Eastern Women's Colleges Scholarship Benefit program held in the new Ford auditorium Tuesday. His address was titled "The U.S. in the U.N."

PTA Board Studies Safety Measures For Pierce Pupils

Safety for school children was the main topic at the Pierce school PTA executive board meeting last week, although the year's budget and the membership drive were also discussed.

It was announced that a bicycle rack has been placed near the new kindergarten buildings to be used by the children living west of Pierce street, eliminating the need to cross Pierce on bicycles.

Much thought was given to the problem of parents who pick up their children on rainy days, parking on the opposite side of Pierce street from the school, necessitating children to dart between cars waiting on the school side and those illegally double parked. A committee composed of Mrs. James Hinkamp, Sgt. Milton Jones and Walter Piel was appointed to study the situation.

THE SAME committee will also look into a problem brought to light by a letter from parents of students who have to cross Fourteen mile road to reach school. The parents stated this is the only 35 attending Birmingham schools must cross without a crossing guard, and they are investigating possibilities of obtaining one.

Society deadline is 3 p.m. each Tuesday.
