

it's your move . . .

Just for the moment, put yourself in this man's position. You've just operated a foot pedal and the arm and hand that would normally lay limp and useless by your side, suddenly begins to move toward the board. With the help of an amazing piece of machinery you're playing chess—something you thought you'd never do again. The game itself isn't so important, but moving that hand and arm is. Makes you feel that maybe your case isn't entirely hopeless . . . and that at long last you're out of an agonizing check-mate.

Now put yourself back on this side of the chess board . . . it's your move!

Only through your generous support of the United Foundation drive can this man and others like him get the help they need to start back on the road to recovery. So, make the right move at Torch Drive time. Give generously . . . give once for all! 150 agencies benefit from your United Foundation contribution. Use the Payroll Contribution Plan where you work to give to all in one donation—yet not feel the pinch in any one pay-check. Your employer will arrange to deduct your gift in easy installments that may be spread over a period of weeks or months. Your contribution is income-tax deductible. It's your move!
