## Residents Back on Schedule As School Calls Younger Set

With the starting of school many villagers have closed their summer homes and have returned to a schedule set by school bells. Among these are Mr. and Mrs. E. W. Higgins and family of Clifton road.

They have just returned to their home after a summer spent at Henderson Harbor, N. Y. where they spent the months of July and August. Their summer home is on Lake Ontario near the Thousand Islands region.

Just prior to opening of school, young Michel Morrow persuaded his parents to take him on a tour of the Kellogg factory in Battle Creek.

Six-year-old Mike had the time of his life, lunching at Schuler's in Marshall on the way and an interesting visit to the Post Tavern. He returned home to make a bee-line to the correspondent's home to make sure it would hit the front pages of the paper.

Caroline Burroughs, daughter of the E. T. Burroughs of Hamilton road, returned to Northwestern University Tuesday to begin work on her Master's degree.

Carl will be giving a piano recital in Chicago in November as part of the Lyon & Healy Young Artist recital series.

Mr. and Mrs. Ralph E. Ewing of Bridgeburg boulevard, spent last weekend at St. Clair Inn. Accompanying his parents was their young son.

Master Johnny Simmons of Morning View Terrace, son of the William Simmons, entertained at a birthday party in his home recently. Eleven little guests came to help Johnny celebrate his eighth birthday with games, movies and a lovely big cake to climax the party.

Mr. and Mrs. William Busch and son Edward spent last weekend as guests of the Burton J. Bordners of Detroit, at their year-round home at Caseville on Saginaw Bay. Mr. and Mrs. James Tomlinson of Burning Bush recently returned from the A. P. I. convention at Greenbriar. They were accompanied by Mr. and Mrs. George Spohn of Detroit, and the Robert Gasvada.

Another couple who visited Greenbriar recently were Mr. and Mrs. M. B. Terry of Half Moon road who visited the resort spot while attending the Society of Automotive Engineers convention.

Mrs. Murry Steward of Wadsworth road entertained 20 neighbors last Thursday morning at a coffee in her home. It was not only a nice informal get-together, but served as an occasion to introduce Mrs. Thomas Moorman of Wadsworth road, Mrs. Robert Harvie and Mrs. William Prew of Tibury, all newcomers to the village.

## When He Calls... He Has News!

The gentleman you see in the picture above is a Cadillac salesman.

He is placing a telephone call to a citizen in his community—to pass along some news of a very special nature.

He is calling to tell of the wonderful opportunity that exists today to become the proud and happy owner of a new Cadillac car.

What exactly will he have to say?

Well, first of all he will tell of the unusually generous trade-in allowance that he can give at this particular season.

Then he will reveal some wonderful and surprising information about how quickly delivery can be obtained on a new Cadillac.

And then, time permitting, he will recite some of the other practical aspects of Cadillac ownership.

He will talk about the car's relatively modest cost . . . its dependability and endurance . . . its economy of upkeep . . . and its marvelous resale value.

And we feel almost certain that, with so much logic on his side, he will have little difficulty explaining why this is the "time

of times" to make the move to Cadillac.

Within the next several weeks, this gentleman—or one of his colleagues—might be calling you. And when he does, we hope you'll remember that he has news!

We think you will enjoy talking with him—for he is a fine person, long accustomed to serving the leading citizens of his community.

And we think you'll be grateful that you took the time to hear what he has to say.
