The contemporary style building will offer all modern facilities.

**GM Transmission Advances Qualman**

The Detroit Transmission division of General Motors Corporation announced the appointment of Jack W. Qualman, 3275 Beaconsfield, Birmingham, as assistant chief engineer. Qualman will direct the division's future product design and development program.

Qualman began his career with General Motors in 1933 at a General Motors Institute student.

In 1939 he transferred to Detroit transmission division during the original organization of the division. In 1945 he moved to the GM central office engineering staff, where he worked with transmission development section.

**Hiram Walker, Inc. Appoints Krueger**

Appointment of Alfred R. Krueger of 1017 Brookhaven, Birmingham, as supervisor of military sales for Hiram Walker Incorporated, has been announced by Ross Corbit, president.

A native of Michigan and graduate of Wayne University, Krueger served in the Navy in World War II as a quartermaster in the South Pacific. He joined Hiram Walker in 1951.

Krueger will supervise military sales of the Hiram Walker brands.

**Carl E. Pfeiffer Takes Texas Job**

Mr. and Mrs. Carl E. Pfeiffer of 140 N. Glenhurst, Birmingham, have sold their home and are moving to Houston, Texas, where Pfeiffer will act as plant manager of the Gulf States Tube Corporation, a subsidiary of Michigan Seamless Tube Company, with which he has been associated since December of 1952.

**Special Work At GM for Hopkins**

Appointment of Spencer D. Hopkins, Ridge road, Bloomfield Hills, for special assignments for General Motors distribution staff, was announced today by W. F. Huffstader, vice president in charge of distribution staff.

Hopkins, a veteran of 23 years with General Motors, first joined the organization in March, 1927, with the Yellow Truck & Coach Manufacturing Co., then a subsidiary of General Motors. He was transferred to the GM sales, service and advertising section in 1928.

In November, 1933, Mr. Hopkins was assigned to the position of director of the dealer and budget section of General Motors, was made assistant director of the sales section in 1936 and was appointed director of that section in October, 1941.

**New Natural Gas Line To Service B'ham Area**

Construction of a 30-mile long, 16-inch natural gas pipe line that will greatly strengthen the natural gas supply system serving many communities in Oakland, Wayne and Macomb counties, is now underway near Novi.

From a metering point near South Lyon the big new pipeline will extend eastward to Consumers Power Company's gas distribution station on Coolidge Highway near Royal Oak, bringing natural gas from the Panhandle Eastern Pipe Line Company lines at South Lyon. Panhandle pipes natural gas from Texas, Oklahoma, Louisiana and other states for local distribution by Consumers.

Among communities to benefit from the new line are Walled Lake, Livonia, Plymouth, Bloomfield Hills, Pontiac, Ferndale, Royal Oak and East Detroit.

DAVID H. GERHARD, division manager of Consumers Power Company's Southeast Division, said the new pipe line will provide an additional gas feed into the southern end of Consumer's gas distribution system in Wayne, Oakland and Macomb Counties. At present, all bulk natural gas for this region comes from pipe line connections near Pontiac and Mt. Clemens.

Gerhard said the line will enable the company to deliver much larger supplies of natural gas as these become available to the company in the future. Consumers has a large backlog of applications for house heating and other space heating service which cannot be met until a larger supply of natural gas can be obtained. There are no restrictions on other types of gas service in the company's service area.

gan a few days ago at a point north of Novi, and the line is extended eastward from here to Royal Oak. A second construction crew began installation at South Lyon and is moving eastward to Novi.

A third construction crew began installation at Royal Oak and will move south on Coolidge Highway, then west on Thirteen Mile road. Gerhard said it is expected that the line will be completed in early November.
