SOUTHFIELD HI NOTES

It was quite a surprise to Gloria Thompson when she invited the members of the all-school play cast over, and 35 students and two teachers showed up. Everyone had a ball, though, and believe-it-or-not, the pizza held out.

The other day, Charlie White spilled a little piece of paper attached to the windshield wiper on his car. He dashed toward it, thinking it was a ticket. The slip of paper said, "Everyone had a ball, though, and believe-it-or-not, the pizza held out."

The Debate club has been selling sweatshirts with the school emblem, the Blue Jay, on them. The popular shirts were sold within a week.

Last week, Bryce Miller, Elaine Packer, Darwin Muir, and M.S. Muir, secretary to the principal, went to the Detroit cancer center to see the exhibits and learn more about the disease. The three students have been working with cancer experiments after school for several months, and found the machines and exhibits very interesting. The Math-Science club has been invited to visit the center.

The annual Roman banquet was held last Thursday, and as usual, turned out to be a big success. Students dressed as different Roman characters, and practiced Latin traditions and ways. They ate dinner without any eating utensils, and used grapes for wine. Everyone taking Latin looks forward to the Roman banquet.

Students at Southfield are very dance conscious. Within the past month, there has been a dance held every weekend. The Patch Match, Mardi Gras, Poodle Franche, and the Key club dance coming April 27, will keep students busy dancing.

The physics class was rather amused at Bob Lemon's neon transformer, brought to school the other day. It was equipped with wires, and upon plugging it in, an electric current was sent up the wires.

Also, Nancy Preston, Frances Quillian, Mary Butler, Margaret Benn, Barbara Shaw, Merrill Lynda Mills, Raymond Murray, Thoma Martinez, Maria Melt, James Schumaker, Karl Solaender, Joe Fied, Tom Higgins, David Naylor, Nancy Linn, Linn Underdown, Judith Diane Nelson, Marion Patis, James H. Vothan, Susan Welch, Thomas Welch, Peterson, Claudia Parks, Mary Jane and Shovan Wilson.

The current was orange, and could ladders, be blown up and down the wires. Bob says it has 15,000 volts of electricity and the purpose is to demonstrate the principles of Jacob's Saturday at 8 p.m!

What is "Happy Valley"? It's a subtly different, open stock bedroom group. It's also the sweetly relaxed and relaxing bedroom you create from those 15 distinctive pieces. So sturdily constructed, even to the authentic pegging. So carefully designed, notice the carved and beveled drawers with their antique brass, ball type pulls. So exquisitely finished in a spicy yet subtle tone shade that looks like a box of spilled cinnamon! There's never before been anything quite like "Happy Valley".

"That Sue certainly is swanky."

"What do you mean?"

"Her folks have a telephone in the kitchen, one in the living room and one in the basement."

"That's not swanky. We do, too. Extension phones only cost about \$1 a month each."

"Is that all they cost!"

Yes, that's all they cost—about \$1 a month each. And handy extensions mean that wherever you are in your house you're only a step away from a phone. Other helpful telephone items are: a phone that lights up so you can dial in the dark, one you can adjust to let you hear better, separate listings in the phone book for other members of your household. Call your Telephone Business Office. Michigan Bell Telephone Company.

P.S. Extension phones make great gifts
