

SHERRY CHILDRESS

**Set June 15
Wedding Date**

A June 15 wedding date has been set by Sherry Jean Childress and Erskin Robert John Sampson, son of the William Andrews Sampsons of 17555 Rangate, Lathrup Village.

Announcement of their engagement has been made by the bride-elect's parents, Mr. and Mrs. Washington Mosey Childress of Bessemer, Alabama.

Sherry graduated from the University of Alabama, where she was president of Zeta Tau Alpha sorority.

Her fiancé, a graduate of the United States Naval Academy at Annapolis, Md., is stationed in Newport, R. I.

ANN GORDON WARREN

**Engaged to Marry
G. Randall Booth**

Announcement is made of the engagement of Ann Gordon Warren to G. Randall Booth, son of Mr. and Mrs. George Coleman Booth of North Glenhurst drive, Birmingham.

The bride-elect, formerly of Norfolk, Va., is the daughter of Mrs. Gordon Hill Warren of Detroit and the late M. Warren.

The couple plans a June 29 chapel wedding for family and close friends.

Plenty of hot water with **DETROIT EDISON'S**

NEW ELECTRIC

WATER-HEATING SERVICE

Bath time is fun time with lots of hot water

1957 electric water heaters, built to Edison's rigid specifications, give you all the hot water you want!

Now Detroit Edison has joined with leading electric water heater manufacturers to bring you the most advanced electric water heating method at down-to-earth cost. With Edison's new *Super-Supply Plan* you get much more hot water than ever before for only pennies a day. No waiting for water to heat. No hot water shortages.

How Does It Work?

New 1957 electric water heaters are built to give you large quantities of piping hot water automatically. Each tank has two elements—one near the top, one near the bottom—with greatly increased wattages. In fact,

because they are designed to supply hotter water faster, you can get more than twice the supply from the same size tank. And operation is completely automatic.

What Is Edison's Super-Supply Plan?

To make these 1957 electric water heaters more economical, Edison is offering a new plan. The new *Super-Supply Plan* provides much more hot water than ever before at a surprisingly low flat-rate charge. This means you have plenty of hot, hot water on tap all of the time to meet all of your family's needs.

Why Buy an Electric Water Heater?

Electric water heaters are the safest water heaters ever built. And these new models offer other advantages, too. There's no soot to clog heaters. No flues to limit where the heater must be installed. Put your new electric water heater where you want it, even in the kitchen or utility room. There's no flame to worry about. No odor from fumes. And insulation makes them cool, and they're noiseless. You can put your confidence in an electric heater built to Edison's rigid specifications for years of trouble-free operation.

With an electric water heater you have another job done better, electrically.

Reddy Kilowatt invites you to check these tremendous advantages of **ELECTRIC** water heating before you buy.

Fully Automatic	Yes
Location Anywhere	Yes
