educational campaign locally. "It is hoped that everyone will read the material in the envelopes, sign them, and pass them on to their next door neighbors as rapidly as possible." No funds are being solicited in the project to alert every citizen to the fact that early detection is the only certain cure for cancer. Co-captains working with Mrs. Fischer are Mrs. Peter E. Glossop and Mrs. Richard A. Fischer.

Our GARDEN SHOP has a complete line of outdoor shrubs and plants to make a perfect gift for the whole family.

NORTHWOOD FLORIST and NURSERY

2424 N. Woodward Royal Oak LI 3-2440

THE THINGS WE HEAR!

- It will require 350 lbs. of 10-6-4 to fertilize your lawn once.
 - A. Well, just send 50 lbs. It's in good shape and just needs a little touching up here and there.
- Prune the tea roses back to 12 or 14 inches.
 - A. What?! Cut off all those buds out on the ends? You're craz—you must be wrong!
- Just keep plenty of whole corn or ear corn out where the rabbits can get it and they won't strip your shrubs and things.
 - A. Heck, our rabbits eat the corn, eat the shrubs and then chase the dogs.
- Don't rake out the dead grass clippings from your lawn in the spring.
 - A. Well, just give me a good rake—we'll take care of the dead grass.
- We won't have a spreader to loan you until Monday or Tuesday.
 - A. O.K. Keep the fertilizer—we'll get it somewhere else.
- Why don't you buy a fine efficient LAWN BEAUTY SPREADER?
 - A. No room in the garage to keep another thing. If you haven't got a loaner I'll borrow my neighbors.
- These Ferry-Morse Scabiosa seeds will germinate in two or three weeks depending on soil condition and temperature.
 - A. Give me some Burpee seeds. They'll germinate much quicker—won't they?
- Our trucks are in your area this morning. We will be unable to send you the birdseed until tomorrow morning.
 - A. Well, that's just fine! The birds are starving and we are leaving for Wixom in an hour.
- Yes, we have some GLADIOLUS, DAHLIAS, TUBEROSES, etc., for spring planting.
 - A. OH! They are the most beautiful bulbs I have ever seen much better than those at—
- What is it that you want?
 - A. It's a little—well, medium size flower that is yellow, or pink, I guess and grows so well. I just can't think of the name. It does grow so well in Biloxi.
- No, the mice don't seem to die under the porch or in the walls.
 - A. Where do they go then, to die?
- You should fertilize your lawn three times a year.
 - A. Say, my father had a beautiful lawn on the farm when I was a kid and he NEVER fertilized it.
- We are afraid to let this one out!
 - A. Ditto.
- This book has answers to 10,000 questions about the garden.
 - A. Will it really help me? I mean do you think it gives enough detail?
- When are the TULIPS from WOODLAND, WASHINGTON going to be displayed?
 - A. Well, now—we're right glad you asked that question. Just read the following notice:—

TULIP FLOWERS
Will Be Displayed
APRIL 25-26-27

We Will Have
OPEN HOUSE
FRIDAY the 26th

With Coffee, Doughnuts, Etcetera
in the Midst of the Blooms.

FROM DOOR TO DOOR of the Townsend apartments at 370 Townsend, Birmingham, goes one of the first of 800 envelopes which will make the rounds of Birmingham and Bloomfield Village in a neighbor to neighbor program starting next Wednesday. Passing along the life-saving facts about cancer to her apartment house neighbor Mrs. James St. Croix is Miss Dorothy Allen (right). Said Mrs. Carl F. Fischer, chairman of the American Cancer society
