MRS. ALAN B. BUCKMASTER

Newly Wed Buckmasters Honeymoon in Florida

Mr. and Mrs. Alan Bloom Buckmaster will make their home in Cleveland when they return from a honeymoon trip to Florida. Alan and his bride, the former Sharon Louise Wehl, pledged their nuptial vows April 14 in Putnam Congregational church, Marietta, Ohio.

Mr. and Mrs. Philip Hersh Pretz of Williamsburg road, Birmingham, traveled to Marietta to be present for their son's wedding. With the parents of the bride, Mr. and Mrs. Seiden Laffin Wohl, they greeted guests at a reception in the Hotel Lafayette.

SHARON chose for her wedding day a gown of Dupioni silk and chantilly lace. Designed on princess lines with short sleeves and lace-outlined Sabrina neckline, the gown featured lace panels on the bouffant skirt sweeping into a chapel train.

She carried a floral cross fashioned of stephanotis and white rosebuds centered with a white orchid, and surrounded by blue net, white satin and streamers. A seed pearl crown secured her fingertip veil of nylon illusion.

THE ATTENDANTS were gowned in princess styled floor length dresses of white embroidered organza over delphinium blue taffeta, accented with large blue taffeta bow draping to the floor. Tiny rosebuds and pearls trimmed their blue headpieces.

Mrs. Wade E. Markley of Millington, Tenn., as matron of honor,

was distinguished by a crescent-shaped bouquet of dark blue feathered carnations, stephanotis and white pompons. Similar flowers, in a light blue shade, were arranged for the bridesmaids, Louise Samples of Marietta and Sandra Davis of Zanesville, Ohio.

GUESTS were ushered by Roger Buckmaster of Cleveland, William Helmings of Short Hills, N. J., Edward Husted of Marietta, Paul Spone of Zanesville and Jeffrey Weith of Marietta. Donald Monteth of Detroit was best man.

A beachy blue lace dress with yellow accessories was selected by the mother of the bride. Mrs. Pretz selected navy blue taffeta with blue and white accessories.

Society deadline is 3 p.m. each Tuesday.

Self-Sealing Pima Cotton

This soft, luxurious cloth is scientifically woven to "breathe", giving the wearer greater comfort in dry weather than a fabric that is sealed. As soon as rain or snow dampens the yarns, they swell, closing the yarn spaces and increasing the water repellency. Counting both warp and filling, Pima has 300 threads to the square inch. It is Sanforized.
