THE CASE OF THE DELAYED-ACTION STAIN

Once upon a time someone spilled a drink on the rug. And when the spilled liquid dried, the rug showed nary a trace of stain—it looked just as before.

Nevertheless, when a month later the rug was brought home from its annual cleaning, a nasty brown stain was found to have mysteriously appeared on its face. Chemists undertook a series of tests and found that, after being exposed to the air for some time, this invisible sugar stain undergoes a change and it sets permanently in rug fibers.

B'ham School Census Slated For May 10-30

School census will be taken throughout the Birmingham school district between May 10 and May 30. Every family with children is expected to be contacted by one of 28 enumerators who will be assigned to the area.

Information sought is:
1) Parents full name and address.
2) Name of each child in the family between birth and 20 years.
3) Age, sex, physical defects and birthplace.
4) Type and name of school youngster is attending.

CENSUS takers, on their outer clothing, will wear badges signed by Birmingham schools superintendent. Information will be confidential and is required by State law.

Annual school census forms the basis for State aid to the school district, which receives a specific amount for each child reported. These statistics also help determine future school building needs, by showing future estimated enrollments.

Enumerators will be prepared to give dates of various kindergarten roundups to parents with children who will be under five years old on or before Dec. 1. Roundups help prepare children for their first school experience.
