RanDoM NOTES

1. It is estimated that every acre of land in the United States contains an average of one ton of weed seeds.

2. It will be argued by some that the weed seeds from the desert areas are in their own vials. They will argue that they are not really weeds, but a form of native flora.

3. Virginia Rangel (Author) can be divided and moved now for the roots are permanently dormant.

4. If you have used 2-D in your sprayer you will be wise if you do not use it on flowers and ornamentals ever ever.

5. Here is what is involved when we cannot deliver your 400 lbs. of salt because no one is at home and the doors are locked.

6. Load it on track 100 lbs.

7. Dried it in the warehouse 100 lbs.

8. Load it on track 100 lbs.

9. Ceiling load at your house 100 lbs.

Total 400 lbs.

PLEASE HELP OUR ACHING BACKS!

As soon as hollyhocks have finished blooming out put them to the ground and burn the stalks. Spray new seedings with BOREDAUX.

When cutting gladiolus spikes have a reasonable amount of foliage on the plant for developing new corms. Use a sharp knife and make a slanting cut.

HERE IS WHERE WE SPREAD IT... YOU CAN DO BETTER BUT NOT MUCH BETTER THAN $1.00 FOR A $25.00 SPREADER THAT HAS BEEN SELLING SUCH USE...AN EXTRA COST OF ALPINE. USE THIS DELIGHTFUL HINT OF MECHANICAL IN-SERVICE COME AND GET IT... THERE IS THAT AT THIS MOMENT 10-20, 1:30 P.M... IF YOU HAVEN'T GOTTEN ANY MAIL YOU NEED TO BE THERE TO SPREADER'S.

If your cabbage head begins to crack head it over so as to break the neck on one side and stop growth.

Tie up cauliflower heads by pulling the leaves over the top and fastening with a string, twine, or cord.

Water tomatoes slowly to prevent washing and to assure soaking to a depth of several inches. In dry periods one inch of water may be added once a week.

BUG-EA WILL GETTA DA DAM age if you put a small magnet into the water. It will attract the slugs and keep them away.

Don't plant a $3.00 tree or shrub in a fifty cent hole.

If formosus is covered with white dots they are probably scale and must be sprayed with MALATHION.

Next year the inevitable J. R. Marsh will tell you how to handle time and duty with some irreversible and irresistible good sense and wise.

Once Upon a Time...

Division Officer
Of A & P Retirees

Retirement of Frank A. Dobbs, general manager of the Central Western Division of A & P Food Stores, and a company em-
ployee for 42 years, was announced Friday by president Paul D. Dobbs had been secretary to William G. Hennen, president of A & P. Mr. Dobbs is the owner of Dobbs, De-
Nardo & Collins, Inc., Builders, Detroit.

BORN IN Bloomington, Minn., Mr. Dobbs started with A & P as a counterboy in the St. Paul, Minn., store. After six years he
went to work for A & P in Chicago as a buyer, and then as a supervisor in St. Louis, a vice-president in Denver, and a mem-
ber of the board of directors in Chicago and Cleveland. As a supervisor by the time he joined A & P in little charge of some 200 different stores.

Want us to come accept your 4 yew each Tuesday.

At M.E.A. Conference

Mrs. Louis Hensley, a fifth-grade
teacher at Forest School and
president of the Forest School PTA, said that the M.E.A. conference was
an enjoyable trip for her.

OCTOBER 17: The U.S. Army Air Forces were preparing for World War II
time mission of the air national guard
at Lakewood Air Force Base.
