

Summertime Party Franks

Sandwiches can be dainty or hearty, a snack or a full meal and everyone seems to have a favorite. Although a titled Englishman is credited with originating this "bread with a filling", the sandwich is a typical American standby.

Generally little known but immensely popular with all who try it is the sandwich using leftover baked beans. Here is a delicious version.

Partially split five frankfurters lengthwise and place each on a bun. Fill each frank with heated baked beans. Cover with a slice of sharp cheese; bake in a moderate oven 'til cheese melts. Serve hot, garnish with green onions for a real he-man sandwich.
