Screams Instigate New Program

International Friendship

Through Pen Pal Project

Southern Oaklands County Girl Scouts will inaugurate a new program as International Friendship through a pen pal effort in cooperation with French girls living in France, according to Mrs. Robert L. Garrison, Birmingham district chairman of the Southern Oaklands County Girl Scouts.

"We have 1,200 registered Girl Scouts in Oaklands County, and we want to expand this organization to include international cooperation," Mrs. Garrison said.

Accordingly, Mrs. Garrison has a basket of name cards from overseas to be distributed to the girls. Each card contains the name and address of three girls living in France. The girls are not selected by the organization, but are chosen by the Parent-Teacher associations in schools in the United States. The G.I.S. are of all age groups, and are independent, non-profit organizations, supported by fund-raisers, currency exchange, and sales of publications. The cards are distributed to the schools, and the girls who receive the cards are to write back, if they wish.
