Summertime Party Franks

Sandwiches can be dainty or hearty, a snack or a full meal and everyone seems to have a favorite. Although a titled Englishman is credited with originating this “tornado with a filling,” the sandwich is a treated American standby.

Generally little known but immensely popular with all who eat it is the sandwich using leftover baked beans. Here is a delicious version.

Partially split five frankfurters lengthwise and place each on a bun. Fill each frank with heated baked beans. Cover with a slice of sharp cheese; take in a moderate oven till cheese melts. Serve hot, garnish with green onions for a real Hom-eman sandwich.
