Lutheran Break Ground

Rev. Ronald F. Fuller turns the first shovelfull of earth on which the house-chapel of St. Andrews Evangelical Lutheran church will stand within a few months. Ready to take the second turn with the shovel is the Rev. John A. Boyd, new minister of the church, now meeting in Bloomfield Village school. Bruce Butler (left) is contractor for the church's first lift on Telegraph road near Maple. Beside him is John H. Zeh, vice president of the church council. After the recent groundbreaking ceremonies, Mr. Fuller left to begin organizational work with another Michigan congregation. Mr. Boyd was installed as minister at services Sunday. Rev. Dr. Frank Madison, president of the Michigan synod of United Lutheran church of America, officiated. The congregation's building will be used as a chapel until a church structure is completed later on the site. Chapel then becomes a parsonage.
