SEAL FRESH

FROZEN
MEATS

*Nick the Seal
and Peel...*

For best results, allow Seal Fresh Frozen Meats to stand at room temperature for 30 minutes before peeling.

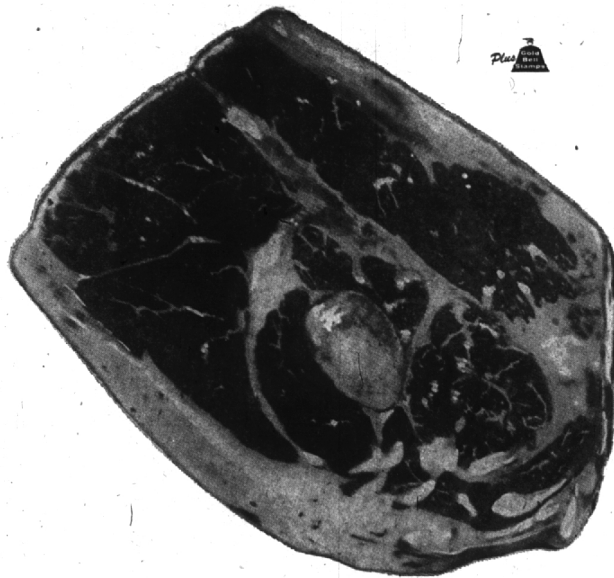

1. Starting about 1" from edge of meat, use sharp knife and make slits across meat. Rows should be approximately 1" apart ending 1" from farthest end.

2. Make cross slit at one end of rows.

3. Grasp end where slits cross and peel back each row 'til unwrapped.

● AMAZING NEW FREEZING AND PACKAGING PROCESS

Now, after years of research, SEAL FRESH FROZEN PACKAGED MEATS are ready for you at Wrigleys new Tel-Maple store. SEAL FRESH is an air tight casing which seals out air... seals in flavor and freshness. SEAL FRESH FROZEN PACKAGED MEATS are the tastiest, tenderest, most delicious meats you have ever eaten...

● FRESHER THAN FRESH... ALL FLAVOR AND JUICES SEALED IN

Because SEAL FRESH frozen meats are blast frozen, all flavor and natural juices are sealed in. Air, which causes dehydration and flavor loss, is sealed out. As a result, SEAL FRESH meats are actually fresher than any meats you ever served.

● YOU SEE WHAT YOU BUY ...TOP, BOTTOM AND SIDES

Because SEAL FRESH is transparent you see all the meat before you buy it. There can be no hidden fat... no hidden bone. All of the meat, top, bottom and sides, is on display. SEAL FRESH takes the guesswork out of meat buying and is easy to identify in your freezer.

● SAVES SPACE...NO BULKY WRAPPING

SEAL FRESH is its own package. There is no need to re-wrap SEAL FRESH frozen meats for your freezer. SEAL FRESH clings to every contour of the meat... no bulky wrappings are required. You don't freeze paper.

Prices and items effective Tues., Dec. 10, through Sat., Dec. 14, only at 652 Telegraph, 1855 Woodward at 14th St. Rd. and 855 Hunter Blvd., Birmingham. We reserve the right to limit quantities.
