FROZEN MEATS

Now, thanks to SEAL FRESH, you can serve better meats to your family... meats that are tastier, juicier than any you have ever eaten. Because SEAL FRESH frozen meats are completely sealed in air tight casing, they keep indefinitely in a freezer, retaining more flavor and juice, and assuring extra tenderness and food value. Be sure to try SEAL FRESH FROZEN MEATS when you shop at the new Wrigleys Tel-Maple store.

SLIT THE SEAL AND PEEL

1. Start about 1 inch from edge of meat, use sharp knife and make slits across meat. Rows should be approximately 1 inch apart ending 1 inch from farthest end.

2. Make cross-slit at one end of rows.

3. Grasp end where slits cross, and peel back each row 'til unwrapped.
