

The ardency of young love (or even much older) is destined to become cooled, and in its place should come a stronger affection... one based not on the hot blood's impulses, but on the bond of affectionate companionship that flourishes in the environment of mutual respect and loyal admiration.

## Vacation Time for Campers

### At YW'S Summer Lodge For Girls from 9 to 16

In the summer a girl's fancy turns to a better tennis game, swimming, horseback riding, volley ball, badminton, handicraft or to gathering driftwood on the beach. Swimming and horseback riding promise to be the most popular sports this year at the YWCA's Camp Cavell and, along with other favorite sports, are offered from the ages of 9 to 16. With eight girls and a counselor to each cabin, they are divided into the various age groups and headquar-

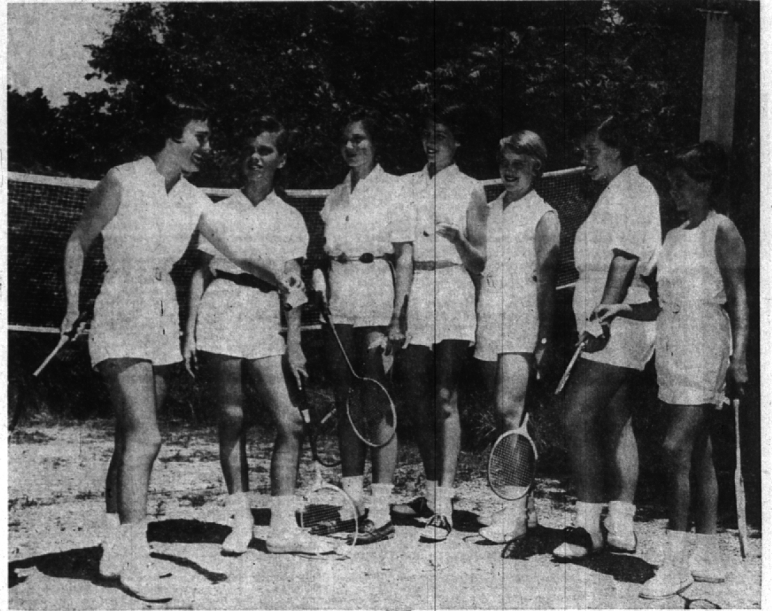

tered at Northwood, Southwood or Brookside cabins.

WITH a total of 168 girls at the camp... it is filled to capacity for all four two-week periods... and many are daughters of previous campers. Early morning breakfast rides and after dark campfire sing songs are a "must" at the 43-year-old camp.

DURING the week girls wear blue jeans or shorts of their choice, but on Sunday... the lodge is dotted with white... spanking clean, white sports togs are the order of the day. The week's activities are climaxed with a Sunday morning flag raising ceremony, along with an inspirational ceremony which cuts across all religious lines and has meaning for all regardless of faith.
