**Senior Men Treat Organizer**

"A rose among the thorns" . . . as the saying goes . . . was Mrs. James R. Ewing, when the Senior Men's club treated her to the "Tigers" baseball game Thursday at Briggs stadium. "It was loads of fun and I've never eaten so many peanuts in my life," commented Mrs. Ewing, organizer of the group. The group was started a little over six months ago for retired business men, 65 and over, who meet every Thursday and Friday from 10 a.m. to 4 p.m. in the Ranch room of the Community House. One day is set aside for a business meeting and luncheon and the other is strictly for social gatherings and outings. Two horseshoe courts have been made available to the senior men and soon the shuffleboard will be ready for use. The club is open to "old timers" and "newcomers," who have reached their 65th birthday, and dues are only \$1 per year.

Few people are so foolish as to ignore the first warning wisps of smoke. They seek the cause and call the Fire Department immediately. Yet there are many normally sensible people who play with fire in another fashion. These are the people who risk their good health by ignoring the first warning symptoms of illness. Remember—illness, like fire, is easier to "put out" in its early stage. If you're concerned about recurring symptoms—find out the cause. See your doctor before he must see you.
