She is traveling with her brother, Clarence Rhodes, she reported a fascinating trip, but was overjoyed to come home again in the good old U.S.A. Rhodes, a veteran traveler since his retirement, is originally from Texas.

In the course of the trip, they traveled by practically every conceivable mode of transport, including planes, trains and Alaskan cog-railways. But one of the most thrilling adventures was their Alaskan bush-pilot flight over the Mendocino glacier in which the native bush-pilot practically sealed the mountain-sides. The bush-pilot planes are very good, comparable to the Piper Cub.

Seek New Sewer Clean-Out Bids

LATHRUP—New bids for sewer clean-out work will be requested by council after they learned Monday that the bid accepted was actually a counter-proposal rather than a bid on the work to be done. City Attorney Everett F. Hayes said acceptance of such a proposal would leave the city without control of the performance bond.

The Kalamazoo company which was low bidder announced they would be unable to take care of any sewer line repairs that might come up and had bid only for the clean-out work. New bids will carry a proviso to allow this work to be done by separate contract, council decided.

Attention, Philatelists
