RICHARD THORNTON
Cranbrook Artist Wins ASTE Award

The American Society of Tool Engineers has awarded first prize in an art design competition conducted at the Cranbrook Academy of Art, to Richard S. Thornton, who this month received his master of fine arts degree from the Academy.
The 38,000-member technical society sponsored the contest among a class of graduate art students at Cranbrook in order to find an appropriate symbol for the promotion of the well-known \$20 million dollar ASTE Tool Show and Exposition.
Thornton's entry was selected for the \$200 prize because of its adaptability to ASTE's theme of technical progress and for its artistic taste and design.
