**Since Sun-Up...and Still Not Tired!**

The sun gleamed low in the east when he set out on his journey this morning. And here he is—well after nightfall—still going strong at the wheel!

If you have spent any time in a new Cadillac car, you can understand his reluctance to bring his day's journey to an end.

For the man who holds the wheel of this magnificent motor car is heir to the greatest satisfactions ever conferred on a motorist.

To begin with, the car holds him in superb comfort through even the longest day. Its seat cushions are wonderfully soft and buoyant... and every imaginable interior convenience is in constant attendance.

Then, of course, there is Cadillac's almost unbelievable ease of handling. Starting, turning, stopping... the car seems almost to read his mind.

And, finally, there is the deep satisfaction he enjoys in commanding his own Cadillac car. For possession is nine points of the pleasure when your motor car bears the beautiful crest of Cadillac.

Little wonder, then, that he still finds himself at the wheel. For the miles ahead are always tempting—when the miles past have been so wonderful!

If you haven't learned for yourself what it's like to take to the highway in a 1957 Cadillac, we urge you to visit your dealer very soon.

To be sure, you won't have to spend a full day at the wheel to discover the magic of Cadillac's performance and the luxury of coachcraft by Fleetwood. A single hour is all you'll need.

Why not try it yourself—tomorrow?
