

### Successful Drive Celebrated at Victory Luncheon

One hundred forty Republican women attended a Victory Luncheon at Devon Gables Friday in celebration of a successful drive for funds in Oakland County.

Mrs. Howard Liverance, vice chairman of the drive announced that she had \$9,850 on hand with several townships not yet reporting. The total figure is expected to reach close to \$12,000 when all contributions are in.

Mrs. Charles Dean introduced Kevin McCann, president of DeWane college and special assistant to President Eisenhower. Mr. McCann gave high praise to the women for their enthusiastic efforts on behalf of the Republican Party and stated that the women were definitely responsible for the election of President Eisenhower.

IN SPEAKING of the National Budget and the furor which it has created, Mr. McCann clarified the process by which the budget actually comes into being and stated that it is an expression of the will of the people, not just of the party or the President. For 18 months prior to its presentation of the White House the budget is carefully prepared by permanent civil service men and women. Upon reaching the White House this

year, the Budget was cut 14 billion dollars by President Eisenhower before it was sent on to Congress.

Mr. McCann stressed the fact that permanent organization in the Party at county and township levels is vital to the existence of that party and that herein lay the responsibility of women: to staff such an organization with volunteers and keep it going inasmuch as most business men have not the time to give to such a program of continuous planning and activity.

### Martha McDonald Awarded Trophy

At the annual banquet of the athletic association of Penn Hall junior college and preparatory school, Chambersburg, Penn., the Monfort tennis trophy was presented to Martha McDonald, daughter of Mr. Clifford, 1472 Cranbrook road, Birmingham. The Monfort tennis trophy is awarded for championship in singles play. In addition to the above honor, Martha is a member of the Penn

Hall Glee club, the varsity hockey team, the tennis team, and vice-president of the Hans Kinder music club.

# Greatness Is Never Achieved Suddenly!

It has long been recognized, in the affairs of men, that only time can confirm the gift of greatness.

Artist, statesman, writer, craftsman—each must await the years for the maturity of his talent and for the verdict of his judges.

And so it is in the world of commerce. Nothing great was ever created suddenly—whether the product be that of an individual or of an organization.

Here, to be sure, is the very genesis of the unique position which Cadillac currently occupies in the hearts and minds of the world's motorists.

Since the first Cadillac car made its

appearance more than fifty-five years ago, it has' always been created to a single objective: to make it as fine a motor car as it is possible to produce.

And, certainly, the mission and the accomplishment have been one and the same.

The goodness of Cadillac has, in fact, been so apparent over that lengthy span that the Cadillac name stands today as an accepted synonym for quality wherever highways exist.

The pretenders have come—and they have gone. For time is an exacting taskmaster—and only the principles that have created the great Cadillac car and only the

devotion that has given it being have been equal to the challenge.

Never has this fact been more deeply etched in the public consciousness than it is during the present automotive year.

In fact, the motor car that now represents Cadillac on the highways of the world has advanced the Cadillac tradition to an extraordinary degree.

If you have yet to discover this fact for yourself, you should hesitate no longer to visit your authorized Cadillac dealer.

Waiting for you in his showroom is proof beyond doubt that Cadillac is—in fact as in reputation—the Standard of the World!
