

Sailing to Europe

Europe bound are Mr. and Mrs. Edwin J. Anderson of Bloomfield Hills, aboard the S.S. Liberte. Mr. Anderson is president of the Goebel Breweries and the Detroit Lions football team.

Doll Hospital Heals Torn Arms, Hearts

Broken dolls and children's hearts have long been the specialty of "chief surgeon" Mrs. Roger Parish, 30255 Woodhaven lane, who is having a grand opening at the new Laine Doll Hospital in Berkeley June 8.

The hospital, expanded from its old Detroit location, repairs all makes of dolls, replaces broken limbs and missing parts and provides all operations necessary to bring a child's doll back to its original state of "health."

Mrs. Parish says a large portion of her business is with antique dolls, some over 100 hundred years old. She is prepared to affix tin or wooden heads and to replace parts made of china or bisque.

Birthdays, anniversaries, guests, births, parties are all news—the society editor about them.

W. S. Phelps Receives Nat'l Quality Award

Walter S. Phelps, 7375 Parkston, Birmingham, representative of Ohio National Life Insurance company, was recipient of dual honors within the past week. He was congratulated by the president of his company, Ray Dodson, in a personal phone call for his outstanding achievement in the company's annual contest, and also received the National Quality Award for the seventh consecutive year for outstanding services to the insuring public.

Phelps, an associate of the Brennan agency, Detroit, has 19 years service with the company, has been a consistent qualifier for Honor Club awards and is one of the com-

Twenty Years... at YOUR Service. Since 1937, this simple philosophy has been our guide. On it, we grew from one store to 100 in only 20 years. The simple... but vital... philosophy that recognizes YOU as the most important person in our stores. That brings YOU better foods for less. That makes YOUR shopping ever more pleasant. AT YOUR service... and it's been a pleasure all these many years. May we continue to be so, for many, many more.

LET'S TALK THE FACTS OF LIFE ABOUT CARPET Fibre

NATURAL FIBRES MAN-MADE FIBRES MIRACLE FIBRES

that about covers the talk in the carpet field.

The only miraculous thing is that we haven't all gone mad!

Developments in the carpet industry during the past decade have left us all a little breathless. We have raced from one new development to another at a pace that has thoroughly confused us all. The truth of the matter is, each fibre has its place... its advantages and its limitations.

THE COTTON & RAYON BLENDS

Cotton carpets and rugs, such as Saratoga and the new Nassau by CC-Needlecraft, are unequalled for soft, plush texture, clarity of colors and their long wearing qualities. Good rayon blends with wool or nylon make excellent carpets of unequalled value in the lower and medium price ranges. For its popular ARISTA and WESTWOOD qualities, Cabin Crafts-Needlecraft Rug Mills use a specially engineered Spunvis Rayon-Nylon or Rayon-Wool blends which takes hard wear and repeated cleanings unlike any other carpeting fibre in the price range. In many ways these fabrics provide the greatest values of any soft floor coverings, with dependable service for the greatest number of people.

\$5.95 \$7.95 \$9.95

THE WOOL GROUP

Wool, the leading fibre for carpets for centuries, will not disappear from the market in the near future, if ever. Fine wool in fine carpets, by reputable manufacturers, is dear in price and scarce in quantity. Cheap woolen fabrics of low grade wool are dangerously inadequate and increasing amounts of such low grade woolen carpets are being offered. CC-Needlecraft uses only the BEST wool in its 100% quality and its Spunvis Rayon-Wool blend.

THE 100% NYLONS

Nylon fibre makes the finest, longest wearing deluxe fabric of a distinctly contemporary type. Carpets like GEORGIAN, DYNASTY AND ROXANA offer contemporary beauty PLUS very good resilience, extreme cleanability (even stubbornstains wash right out with household detergent suds). And they wear and wear. They are moth and mildew-proof, and will not burn. Nylon is also a great strengthener when blended with other fibres.

\$12.95 \$16.95

THE NEW ACRYLIC FIBRES

Carpets made of acrylic fibres, such as ACRILAN, used by CC-Needlecraft, have the feel and appearance of fine traditional carpets with all the performance of case-of-care which can be engineered into a science fibre. New textures, such as WHITNEY, LARAMIE, MCKINLEY AND MITCHELL, have the beauty of fine woolen fabrics. Yet they offer extreme resilience (they bounce right back from tracks, heavy furniture marks); unsurpassed cleanability (even permanent ink smudges right out with household detergent suds); they are moth and mildew-proof, non-allergenic and wear as well or better than finest conventional carpets.

\$10.95 \$12.95 \$14.95
