Hills Recreation Program Extended To Whole Area

Summer recreation programs will be in operation at Wing Lake, Eastover and Vaughn schools this year as a long-anticipated program. The program was extended to the whole area.

The rate of traffic deaths for the nation is seven per 100 million vehicle miles, according to the National Safety Council.

THE SUCCESS of a summer recreation program directed by the Wing Lake PTO last year proved so successful that the board of the new elementary school to be placed under construction adjacent to the new junior high school.

THE BOARD began a preliminary study of general plans for a new junior high school to be ready for use by fall, 1958, on the property the board is purchasing from Bert Forman.
