Cadillac

Old Friends in a New Light!

Let's assume you've known them for some length of time.

And now—in the moment of a glance—you see them for the first time in the company of a Cadillac car.

There's just no question about it . . . something wonderful happens!

For the presence of a Cadillac car dramatically underscores so many of the things that enable you to think well of them.

It goes almost without saying, for instance, that their Cadillac lends form and substance to whatever measure of achievement the years may have brought them.

Certainly, it reveals their appreciation of life's finer things . . . and their interest in the comfort of their fellow passengers.

And, most assuredly, it evidences the care and judgment with which they select their personal possessions.

Incidentally, you may have noticed, of late, that the Cadillac car has cast its revealing light on an ever-growing number of your own acquaintances.

To be sure, there is every reason why this should be so. For it has become increasingly apparent that a Cadillac car is one of

the soundest investments in all motordom.

Its original cost is remarkably modest—and several models are priced competitively with those of lesser makes.

Its operating economy is extraordinary—with a record of dependability that is without equal in the industry.

And *its resale value* stands at the summit in used-car markets all across the land.

Certainly, this triumvirate of Cadillac economies deserves your personal investigation—and your dealer will be delighted to tell you the whole wonderful story.

Stop in soon—for a ride and a revelation!
