NOW I HEAR

—with a wonderful, new transistor Hearing Aid — with no cords, no buttons, no earmolds—nothing to wear in either ear. I hear by simply slipping on my glasses. If you don't wear glasses—you'll want to see and try the many other new, small Aids that women conceal in the hair and men hide behind the ear—now, it's so easy to hear without feeling conspicuous.

We want every hard of hearing person to see these new miracle Hearing Aids. Try them in your home. There is no obligation.
